

# Mid-nite Madness

ANTIOCH TOWNSHIP LIBRARY  
757 N. MAIN ST.  
ANTIOCH, ILL. 60002

## One Liner

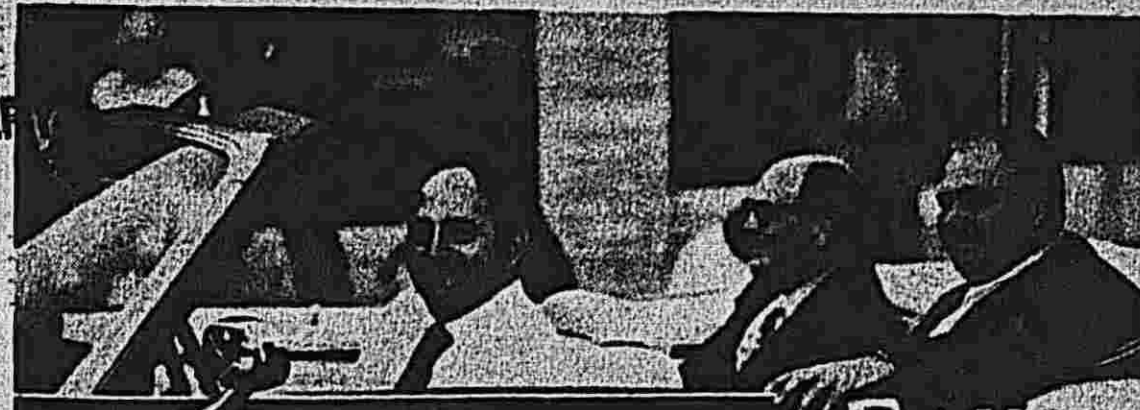

Strange how much  
you've got to know  
before you know how  
little you know.

"Midnight Madness," a gala shopping spree sponsored by the Antioch Chamber of Commerce, got off in high gear last Monday evening with one of the biggest parades seen in Antioch in quite some time. The parade was led by Antioch Mayor Ray Toft and Chamber of Commerce President, Grant Spong (upper photo, 1. and c.). The Medinah Motor Corps of Chicago (center photo) provided exciting highlights to a colorful parade. No parade is complete without horses and the Chain of Lakes Mounted Drill Team (bottom photo) thrilled young and old alike.

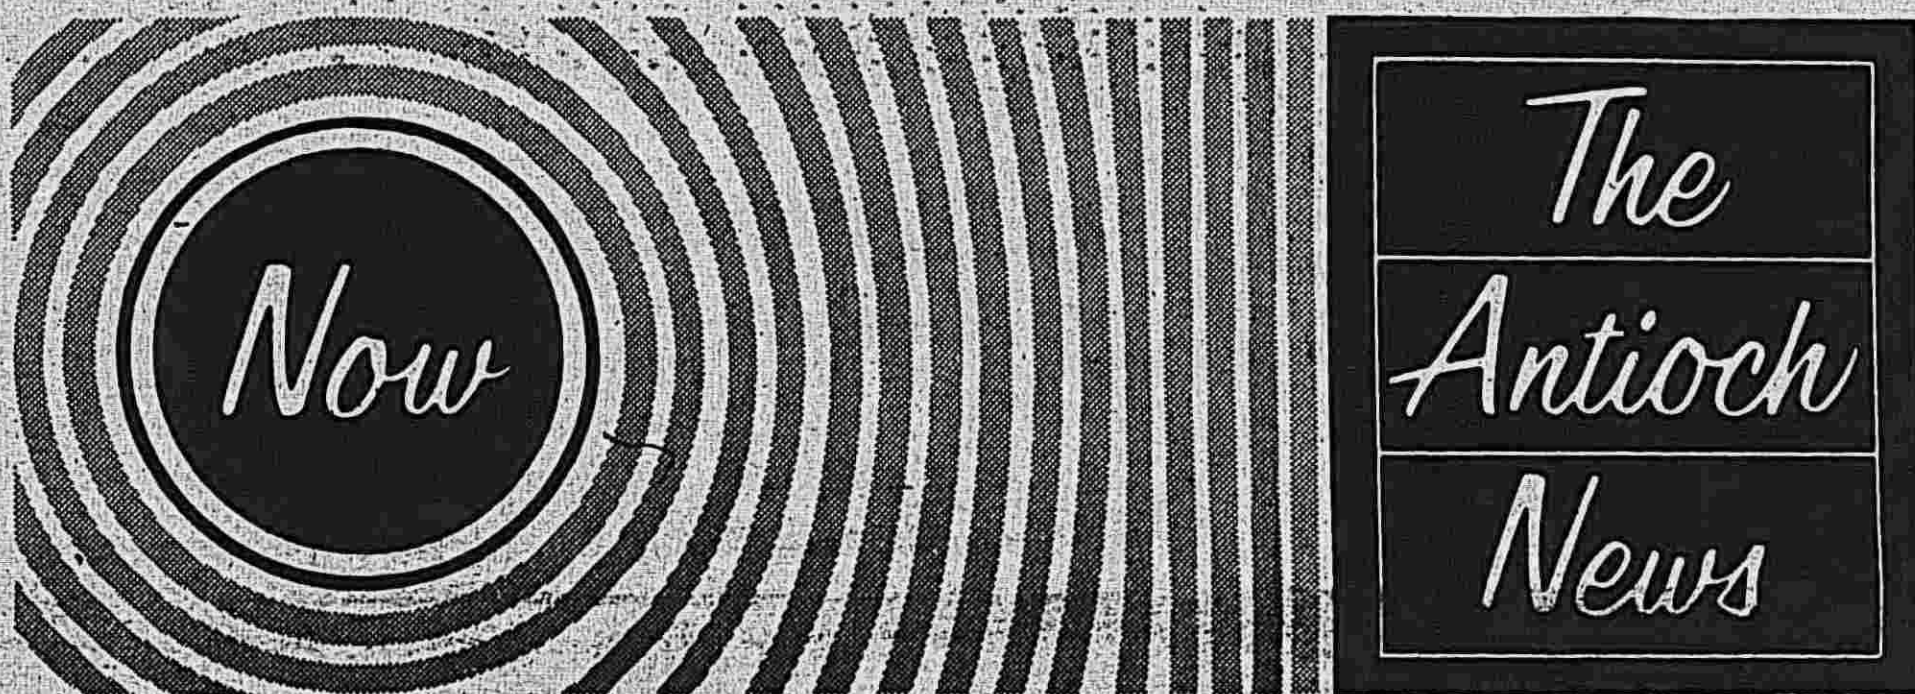

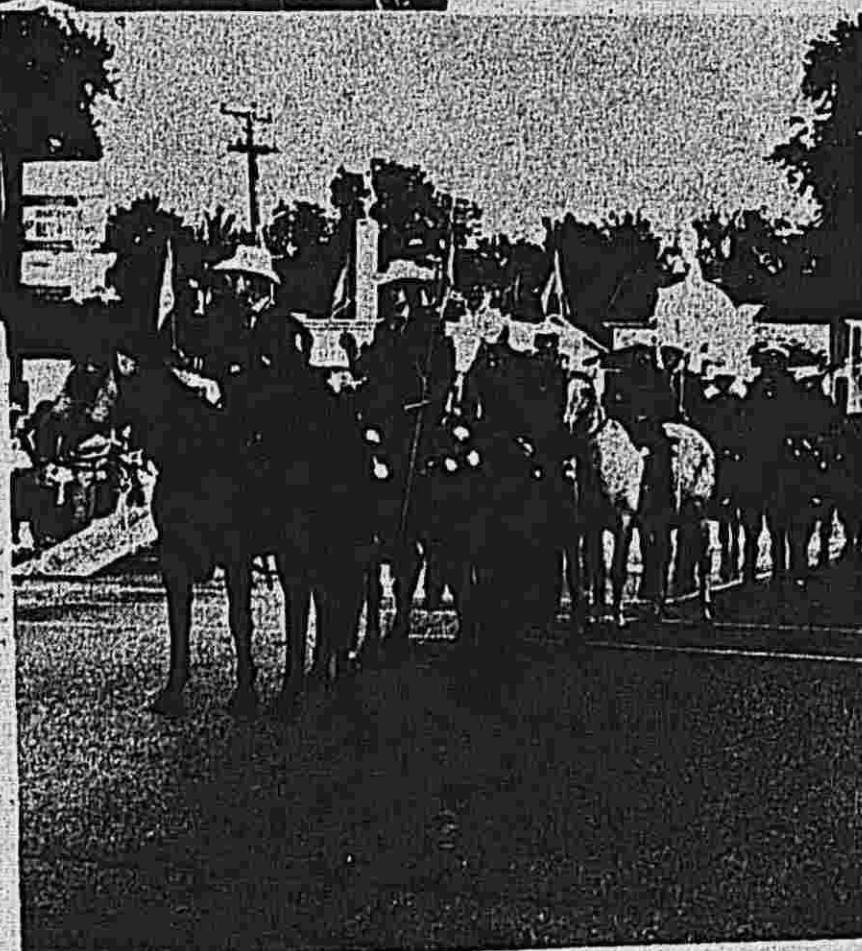

The parade was built around three bands from the Salvation Army Music Camp in training at Camp Lake, Wisconsin. Other units which contributed to the outstanding success of the parade were the North Central Competition Riders headed by Ron Taylor and Roger Debenham, The American Association of Retired People with their antique cars, the Moose Clowns, the Navy Drill Team from

Great Lakes, Girl Scout troops, the fire department and rescue squad, the Village Board, and many others.

Congratulations to Mrs. Barbara Owen, Executive Secretary of the Chamber, for a job well done.

PRES.  
GRANT  
SPONG  
AC

## "Preview Of 72"

Joe Rush and Chuck Becker represented THE ANTIOCH NEWS at "Preview of '72" held at the Swedish Glee Club, Waukegan, in honor of Robert McClory, Republican, congressman from the 12th Congressional District. 24 representatives of the press, including WGN TV, were present at the 6:30 p.m. press conference with McClory. Two other Illinois Congressmen were part of the press conference: The Honorable Bob Michel, Republican, 18th District

and the Honorable Tom Railsback, Republican, 19th District.

Highlights from the press conference centered on "The Freeze", the 90-day economic cool-off period recently declared by President Nixon.

Question: Texas Governor Preston Smith defied President Nixon's plan by ordering pay raises for 132,000 Texas teachers and other state employees. He contended Nixon had no legal right to overrule actions authorized by the Texas Legislature.

McClory: President Nixon acted

entirely under the authority of the Federal Legislature. Congress approved and authorized the President to administer this action called "The Freeze".

Question: Is there anyway to enforce "The Freeze" or take action on violators?

Railsback: The President's Cost of Living Council asked the Justice Department to take action against violators.

Also, federal law provides for a \$5,000 fine against violators.

Question: Do you believe "The Freeze" will be prolonged or last only 90 days?

Railsback: That depends on what happens within the 90 day period. Should the country respond - corporations, companies and industries meet a solidity in labor, wages and prices - a leveling off of the economy.

Most probably it would be an extended program. It is difficult to see how "The Freeze" would be entirely effective in 90 days.

Question: Will the unions cooperate with the administration?

All three congressmen responded to this question - the following answer is a composite of their remarks: The unions will not cooperate with the administration. How can they, since the administration decreased the bargaining powers, or rather the "promising" powers of the unions? The unions cannot promise higher wages or bargain

for wage increases during "The Freeze." The unions resent this restriction and therefore will counter by an attack on the plan.

The United Mine Workers' Union blasted the wage-price freeze as an "unconstitutional attempt of the administration to impose involuntary servitude upon the nation's organized workers."

Question: Has the president some type of barometer to measure the success of "The Freeze"?

McClory: Yes, the President's Cost of Living Council and other councils are measuring the effects of the plan.

A fund-raising dinner was held following the press conference. Prominent among those attending were Antiochans Mr. and Mrs. William Brook, Mr. and Mrs. Ted Larson, Mr. and Mrs. LaVerne Woods and Mr. and Mrs. Ed Vos. The State Bank of Antioch presented Mrs. McClory with a bouquet of roses.

The ladies at the banquet will probably campaign strongly for Robert McClory since a thoughtful little gift was at the dinner place for each: THE REPUBLICAN CONGRESSIONAL COOK BOOK inscribed to each "With sincere good wishes from your congressman Robert McClory."

Congressman Railsback, McClory, Michel

The Antioch Post Office will soon put out another mailing to our service people overseas. Anyone knowing of men or women who are overseas and would appreciate a package are asked to inform the Post Office of the names and addresses within the next two weeks.

## Hi-School Board Minutes

According to a report by Fred Kile, architect, the work on the remodeling phase of building development at Antioch Community High School is "in high gear." Certain areas, however, will be delayed. There will be some unavoidable delay in the girls' shower area, metal and wood shop. There is also some delay in delivery of some of the electrical fixtures.

The most acute problem related to the beginning of school is that of clean-up. Contracts require that workmen on the job have their areas "broom clean" when work is finished. Mr. Porter Larson, head custodian, feels that there will be a great deal of difficulty for his staff to finish the clean up in time for the opening of school. There are too many areas where workmen are still "messing" for the custodial staff to do an effective job.

One tentative solution is the temporary rescheduling of classes so that a minimal amount of student traffic will be in areas where work is continuing.

Robert Rimkus requested he be released from his contract in order to accept a position with the College of Lake County. His request was granted.

Robert Lindblad, chairman of the board negotiating committee, reported on his meeting with Robert C. Leitner, from the Chicago office of the Federal Mediation and Conciliation Service. Mr. Lindblad noted the rules of meetings with Mr. Leitner and the teachers' committee as they were spelled out by the mediator. Mr. Leitner is here in

a strictly advisory capacity. He will not make any decisions. Mr. Leitner will run the meetings and if they appear to be valuable he will continue them; if they appear fruitless he will quit and the two groups will be back where they started from.

Jack Smith, Administrative Assistant to the superintendent, reported that if monies received and monies expended continue as the current rate, all funds "would be in the red" by the end of the fiscal year.

Bids were received from Gaa Oil Company of Antioch and the Olson Oil Co. of Waukegan to supply gas to the high school. Olson Oil received the contract. The contract for paper supplies was awarded to Diamond Paper Supplies.

A meeting with representatives of the Secretaries, cafeteria staff and custodial staff was arranged to discuss non-salaried items on contract negotiations.

Art Bleke, director of the summer school program, reported that if all student fees are paid the summer session would show a profit of roughly \$300.

Two new teachers were hired by the board: Elizabeth Backes was hired for the science department to replace Mrs. Linda Shadwick at a salary of \$10,885, and David Monke was hired to teach in business education at a salary of \$10,540.

A report to the board indicated that school enrollment for 1971-72 was listed currently at 1,382 students.

## RESCUE SQUAD DONORS

Recent donors to the Lions Club Rescue Squad Fund are:

Arbor Resort & Marina, Inc., Charles Toman, Joseph M. Bolduc, John Treschke, H. D. Bradley, Mary Contos, Harry Weiland, Joseph Decker, Maude L. Johnson, Mr. & Mrs. Lewis Gordon, T. A. Howes, Oakwood Knolls Property Owners Ass'n, and Raymond Yele.

Mr. & Mrs. Andrew J. Euzzino, Al Kumpfer Jr., Edwin W. Olsen, Carl D. Campbell, Isabel Cook, Lucia D. Minnis, Mrs. Augusto Testa, Arthur & Evelyn Burnett, Fred E. Wendt, Henry A. & Shirley Glenn, Wm. P. Campbell, Robert E. Doucet, Walter Meyers, Fred G. Miller, James & Shelby Wais, Thomas J. Manning, Fred Pullen, Ralph Gussarson, Robert & Toni Dickson, and Leo Skeberys.

Arnold Miller, Paul Yokes, Wm. W. Hagstrom, Mrs. M. Pechulis, Mr. & Mrs. Tim Zelinski, Elmer E. Swanson, Arthur & Bette Meyer, Michael Maselous, Charles D. Becker, Mr. & Mrs. Donald Andersen, C. C. Jurek, Vida R. Shunneson, Mr. & Mrs. Elmer Kufalk, Mrs. Fannie Lemker, Harry & Gladys Wallace, Nina Brook, Mrs. Harold Springer, and E. H. Glenn & Sons, Inc.

## NOTICE

The regular Board meeting of the Village of Antioch scheduled for 9/6/71 will be held at 8 p.m. 9/7/71 because of Labor Day holiday.

Marilyn J. Sterbenz  
Village Clerk

Mrs. Anna Koyak, sister to Joe Patrovsky Sr. has been a visitor at the Patrovsky's for the last month. Nothing too unusual about this except that she is 79 years young, from Czechoslovakia, this is her FIRST time in the U.S., she does not speak English, and she made the trip by air all by herself with no problems.

Her most outstanding impression of the U. S. are the clean and well kept farms and homes. One of her regrets at her being here is that she wishes she had come so many years ago.

Welcome to Antioch Mrs. Anna Koyak.

## GRASS LAKE SCHOOL

### REGISTRATION

AUGUST 31

The Grass Lake School Board has renewed their membership in the Illinois Association of School Boards for the 1971-72 school year. The IASB hopes to involve more local boards in the organization and planning of the activities. Mr. John Steitz, Jr., board member, and Mr. William Hart, Superintendent,

are representing the board in these activities.

The Scout House facility is being updated as the summer progresses and may be pressed into service as a teaching station when school opens, Supt. Hart reported. Class sizes range from 32 in 1st grade to 43 in 5th grade. Mr. Hart expects these figures to increase during August because of new people to the district and having an all school registration on August 31, 1971. The Grass Lake School Board will encourage the IASB to work with the General Assembly to equalize financial support to dual and unit districts.

## EDITORIAL

Resolved by the 77th General Assembly of the State of Illinois; unanimously endorsed by the Township of Antioch, "Red" Murrie, supervisor; endorsed in principle by the Village of Antioch Council, Ray Toft, mayor; supported by the Lake County Regional Planning Commission; endorsed by the Lake County Board of Health, W. C. Petty, Secretary, and finally cleared by the Illinois Department of Public Health to establish a hospital district.

There are many more endorsements covering the proposed Countryside Hospital, far too many to list here. But I believe the point is made, and that is that all is ready for the Countryside Hospital that we've heard about for the last ten or twelve years, with one exception.

The group of men who have worked so hard for this project have left no stone unturned in making sure that this time it is not a pipe dream, but a reality for this part of Lake County. With such men as Grant Spong, Walter Koziol, Bill Brook and H. C. Zerbe leading the way we can feel sure that this time it has been done right and we as a general public, and more specifically the people of Antioch, can at last put faith in the project.

As I said before, all is ready with one exception, really two. The first is that they must raise \$12,000 to keep the project going and, most important, sometime this year they must pass a referendum to establish a hospital district.

To be very honest with our readers, after talking to a members of the committee and particularly with Mr. Zerbe who has in a way led the drive for this project, they feel that the people of Antioch hold the key to success or failure of this project. Now it is very nice to feel that we, the people of Antioch, hold the key. But along with our importance we also must accept the very large responsibility that goes along with it. If you vote down the project when the time comes, it will very likely end it right there. But if the people of Antioch give the ok to the upcoming referendum, then the project will go and we will have a fine new hospital.

We of the ANTIOCH NEWS at this time would like to add our backing to the project. We feel that the project has a great deal of merit and we shall go on record as supporting the new Countryside Hospital. We would also recommend that you, the people of Antioch, also support this effort.

## Letters to the Editor

### Congratulations

Kindly excuse the delay in extending to you and your staff "congratulations" for the continuation of the long established newspaper, THE ANTIOCH NEWS.

The delay with congratulations has given me time to study the number of issues that have been published recently. You really have to be accepted as an asset to the Antioch community in giving the community a well-balanced publication for the present day readers in keeping abreast with everyday progress.

I should know, having spent 32 years as a "make-up man" on the Waukegan daily News-Sun, having worked under the supervision of five different editors during that period.

Editor Joe, keep the good work up, altho from time to time some of your readers may not agree with you, but just the same our older citizens do not like or accept progress, so have patience, you are the one that has to pay the bills and play the role of a good editor.

John L. Horan  
Antioch

### Gambling

To Marge Nelson, just recently elected to office:

How can anyone try to take away the pleasure from such a good cause as giving books and hot meals to the poor children? My goodness, gambling, as Marge Nelson said, was going on... but carnivals are to help poor children and they all have them. But no one has had to bother the police. Gambling behind closed locked doors is gambling, but not openly, only trying to make a few pennies for the poor children.

Well, your book is closed as far as office, Marge. Complaints of that hurt you more than the poor little children we are trying to feed and help in school.

Mrs. Anderson  
Twin Lakes, Wisc.

### Thank you

My grateful thanks to both the old and the new ANTIOCH NEWS for their wonderful coverage of publicity of the 10th District American Legion Auxiliary this past year. I could never have achieved first prize in the state in the Publicity Press Book contest without your loyal support and cooperation!

On behalf of the Antioch American Legion Auxiliary 748, I would like to express our deep appreciation to you, also.

Del Jahneke (Mrs. Edward H.)

### To "A loving resident"

(Editor's note-To "A loving resident of Antioch": We will be happy to print your Letter to the Editor in the ANTIOCH NEWS if you will re-submit the letter with your name included. Your name will be held from publication upon your request, but it is editorial policy to print only those letters whose authors are known.)

### My Story

I am writing this letter for those of whom it may concern to read.

The subject pertains to the Knights of Columbus' Country Fair. It was held Aug. 5th through Aug. 8th and I was not aware of it even being in progress, until it was brought to my attention by a member of the Knights of Columbus. The member called me at 11:00 p.m. and complained that the first evening Aug. 5th, several booths had been closed down by the Antioch Police Department. The party wanted to know WHY the booths had been closed and what could be done about it. He also said he would definitely be talking to the Mayor and Chief of Police about this and he wanted the booths to remain open.

I checked with the Police Department and was told by the Sgt. that he himself had closed the booths down because of ILLEGAL gambling, as he did several weeks previous when the American Legion held their carnival July 3rd on 173 just west of Lyons and Ryan. Sgt. said there too he found a couple booths of ILLEGAL gambling, closed them down, and they remained closed. He said he told the people operating the illegal booths at St. Peters, that if he found them operating the following night, he would confiscate the wheels, etc. I then called the member back and told him what was told to me.

Between that Thurs. evening and the following night, I had such complaints as: 1) there is illegal gambling going on in the Village, 2) why can the Knights of Columbus have gambling when the American Legion gambling was closed down, 3) how can they re-open when the Police Department closed them down the night before?

Why people notify me about certain things I can only say, possibly because they know I listen, they know I care and I'll TRY to do something to improve or correct the situation.

So, Fri. evening I went to check out what I received complaints on. I felt I must do my job. And yes, the gambling was in full view. I merely questioned WHY after being closed down Thurs. was it permitted to remain open on Fri.? After all, people ask me and if I don't have the answers, I must ask someone else.

I called the chairman of the committee and I was told there had been concessions made—merchandise for prizes instead of money. Although I had no previous mention of any concessions whatsoever. I thanked him for the information and was pacified until two county investigators walked into the Police Department. One of the Antioch officers questioned the laws of gambling and the county men brought them up to date that no gambling was allowed. I asked "not even if we use prizes instead of money?" They said, "definitely not, not even for peanuts."

Momentarily I presumed the Antioch Police Department was not current on their laws pertaining to gambling. So the Chief of Police was updated and he himself ordered the Sgt. to close all gambling booths. It was 25 minutes before the closing of the fair that Fri. night and the Police Department said they would use my name on the complaint.

I truly feel that a complaint should not have been necessary at all for the officers to do their job correctly, as was done the first night it all began.

Much to my dismay, Sat. night too held gambling on the site. Again I questioned WHY it was allowed. Orders were "not to do anything until there is a complaint." So, I said, "all right—I'm complaining." During the futile attempt of closing it down for the third night, I went home.

An hour later a call informed me of the gambling booths re-opening AS SOON AS THE POLICE PULLED OUT. My last question of the Sgt. was, "WHY is it open again?" He said he didn't know and his orders were to 'stay off the carnival grounds altogether.'

I threw up my hands and went home.

It wasn't until Sunday morning before I was notified of a Police committee meeting—which included the Mayor, and they all had to agree with me, I'm 100% right as far as the law goes. Although the gambling still went on Sunday.

I still have no answers for those of you deeply concerned. Perhaps someone else can answer your questions: Why can't we enforce the law? Why was gambling permitted at the Knights of Columbus Country Fair and the American Legion gambling closed down? Why after the gambling was originally closed down couldn't the Antioch Police Department keep it closed down?

Several complaints were hard feelings over which organizations get away with it, and several others were parishioners of St. Peters who highly disapproved of the gambling and thought and hoped perhaps the legal aspect could eradicate it from the Church.

You now can see why no names were mentioned, because theirs too would be tagged along with mine. And too many narrow-minded people would threaten these families and their business. I'm glad God gave me broad shoulders, and as I campaigned, I truly believe people should be well informed of what's happening in their Village. We could use better communication all the way around. And this is MY side of the story.

Margaret Nelson  
Trustee

## "Jesus is the Way": Jesus People

Young and old were out to hear the Jesus People festival on August 22.

It was one of those hot, humid dog days of August with the threat of a storm hanging heavy in the air. In a natural amphitheatre near the shores of Cross Lake, Wisconsin, a national phenomena came to Antioch. The Jesus People had a festival.

The crowd sat on the grassy hillside and listened to the rock/gospel music coming from a platform at the bottom of the natural basin, or listened to the evangelizing of Ron Rend-

leman, a dynamic speaker from West Chicago.

Just what are the Jesus People? According to Ron they are a loosely knit group of young people who have accepted as the basis of their belief that "Jesus is the way -- the only way." The group, although nationwide in scope, appears to have no particular structure. According to one local minister these are young people who have tried everything else and now find themselves "turned on to Christ." The organization generally seems to by-pass the organized church.

The movement, if it has a definite history, appears to have started on the west coast as an evangelistic movement geared to the needs of young

people. In some areas it involves communal groups and an entire way of living. Organizers of the local event state that there is no connection between other Jesus People groups and the local festival other than the obvious fact that other Jesus People would naturally be attracted to any festival of this type no matter who sponsored it.

One of the local organizers answered the question of why a Jesus People Festival in Antioch by saying, "We weren't reaching the young people in the Antioch area. We met with representatives of the Jesus People in Milwaukee and thought that this might work. It took us about 2 months to set up." The spokesman continued, "A lot of young people don't come to church because they've been turned off. We hope that today's festival may turn them on to Christ again."

Among the rock/gospel groups which took part in the festival were "The Revelations" of Zion, "The Gospel Travelers" of North Chicago, the "E" of Indianapolis and "The Sheep" from Milwaukee.

The size of the crowd did not come up to the expectations of the local sponsors, but they do not write it off as a failure. "If only two people had shown up and received something from this it would have been worth it."

Will there be another Jesus People Festival in Antioch? "If this is what it takes to bring young people to Christ, then there will be another festival."

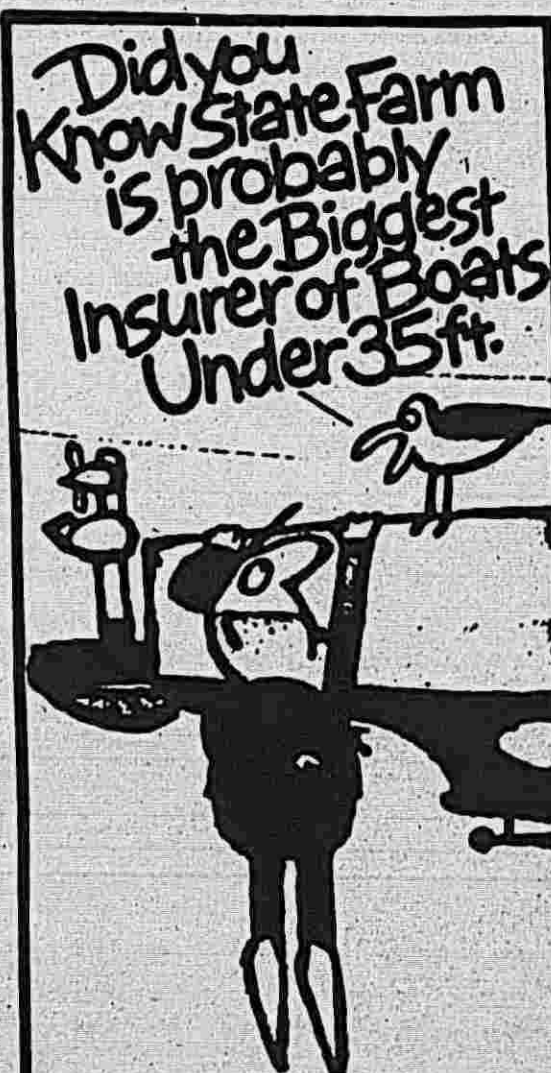

By the time he is 70, the average American will have used 26 million tons of water, 10,000 pounds of meat, 14 tons of milk and cream, and 9,000 pounds of wheat.

Joy, a new convert, is baptized by the Jesus People at the festival.

Rock/Gospel music groups and dynamic speakers came to the platform, preaching, "Jesus is the way -- the only way."

## GINGER SQUARES

2 Dozen

1/2 Cup butter (Margarine)  
1/2 Cup molasses  
1/4 tsp salt  
1 tsp ginger  
1/2 tsp soda dissolved in  
1/2 cup warm water

1/2 Cup sugar  
2 eggs - well beaten  
2 Cups sifted flour  
1 tsp cloves

Place butter, sugar, molasses in sauce-pan and place over low heat. Cook just to boiling, cool; add well beaten eggs and salt to molasses mix. Add flour sifted with ginger and cloves and finally soda dissolved in water.

Place in greased jelly roll pan and bake for 20 minutes in 350 degree oven.

Icing: 4 Cups powdered sugar  
4 tablespoons cream  
1/4 tsp vanilla or lemon ext.

For a relaxing place to read your weekly magazine, try the Antioch Township Library. The library offers a wide variety of magazines along with comfortable reading chairs in the browsing section.

New books at the Antioch Township Library include:

**YOUR PILOT'S LICENSE** by Joe Christy. Offers beginning pilots a guide to the skills and information involved in flight, answers to typical FAA examination.

**MY OWN CAPE COD** by Gladys Taber. The beloved author shares the enchantment, tranquility, and beauty of her Cape Cod home.

**THE INNOCENT INVESTOR AND THE SHAKY GROUND FLOOR** by Sidney Margolius. Offers practical financial advice on the pitfalls of various investment promotions as well as the advantages of numerous investment opportunities.

**SENSITIVITY TRAINING AND GROUP ENCOUNTER** by Robert W. Siroka. Selected articles evaluate the techniques and benefits of psycho-drama, encounter groups and sensitivity training groups.

Hours at the Antioch Township Library are daily Noon to 9 p.m. and Saturdays 10 a.m. to 5 p.m.

## YOUR Name Is?

A local salesman was trying his best to contact the manager or Proprietor of Sail Inn, Fox Lake.

When this salesman stopped at Sail Inn to talk to the "Man in Charge", the Bartender said that Mr. Esser would be the man to see. The salesman asked, "When would be a likely time to see Mr. Esser?" The bartender replied that Mr. Esser is there later in the evening. Just for thought, this was the 2nd time running that this conversation went on between Salesman and Bartender.

It just so happened that the salesman was eager to see Mr. Esser. When the salesman returned to Sail Inn later in the evening and Mr. Esser was paged, Mr. Esser came in the form of the bartender or the bartender came in form of Mr. Esser, or Mr. Esser was the bartender.

Anyway the bartender that the salesman talked to earlier was Mr. Esser. OH! FORGET IT! Seems like some people aren't too thoughtful.

The Glass-Mobile is coming to Antioch.

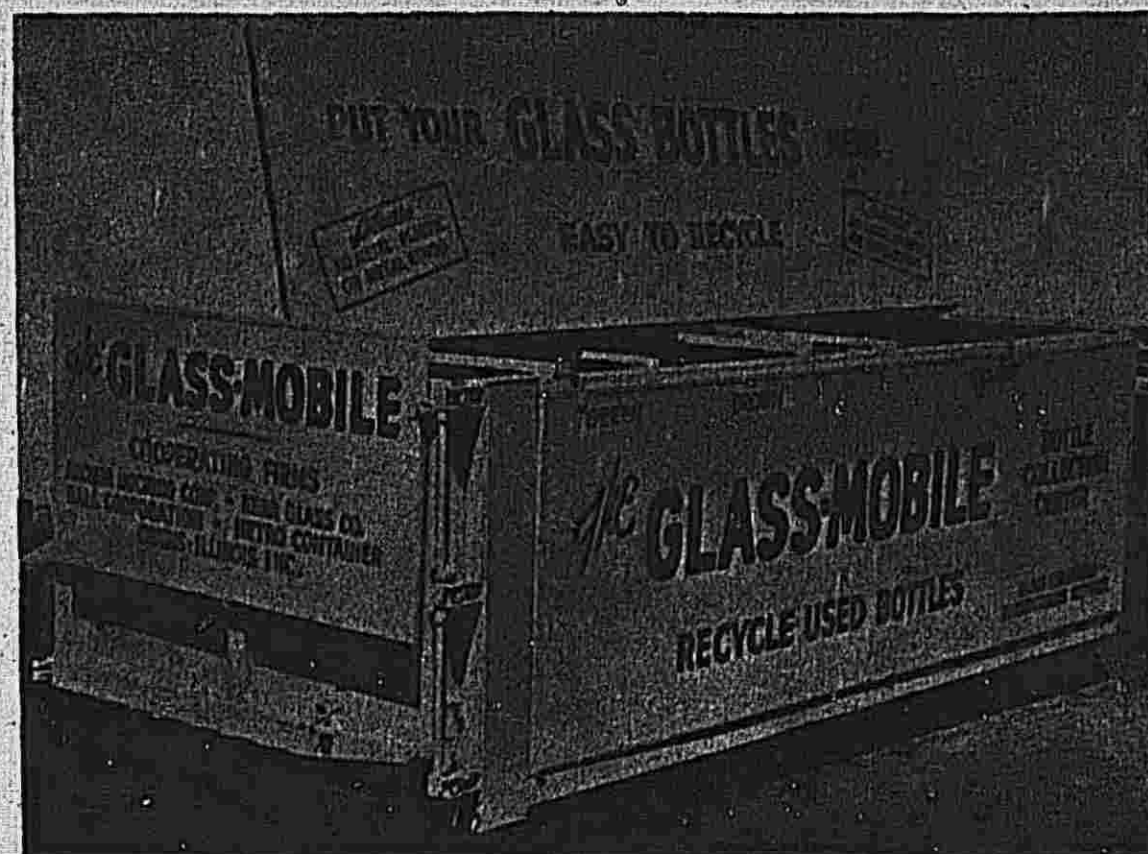

Residents of the area are urged to begin saving their used bottles and jars for a glass collection drive sponsored by Students for Environmental Awareness to be held from Saturday, Sept. 4 through Monday, Sept. 6 at Orchard Plaza between the hours of 8 a.m. and 9 p.m.

Persons wishing to contribute glass during the drive are asked to remember the following:

--only used glass containers are being collected. Windows, mirrors, windshields, tableware, returnable bottles, etc. cannot be accepted.

--all containers must be separated according to color, be reasonably clean and contain no bottle caps or metal rings

## Save Bottles For Glass-Mobile

## Are You Dropping Out Of The Future?

Now, more than ever, education is the key to being a success in the world. Education prepares you for being a responsible citizen and for a well-paying job. Imagine the opportunities that lie ahead! They all begin with education.

Many students in our town will be starting to college this year with the assistance of a loan from our bank. Our plan provides for complete financing for a college degree with arrangements to repay in monthly installments over a six year period with insurance coverage. For details on how this plan may answer your family needs, stop in at our bank today. Your future is our future.

Prepare yourself for a world of opportunities... and a world you'll help build.

**FREE STUDENT CHECKING ACCOUNTS** Take your checking account to school with you--No service charge. It's the fast, convenient way to pay your school expenses.

Scenic and expressive checks available.

### 20 YEARS AGO, AUGUST 30, 1951

Enrollment at Antioch High School is expected to total 323, a slight increase over the 1950 enrollment, says Principal R.C. Edmundson.

Waukegan Drive-In  
Academy Award Winner  
"Cyrano DeBergerac" with Jose Ferrer

### 10 YEARS AGO, AUGUST 31, 1961

Mrs. Walter "Ruth" Scott is honored for nearly 17 years of service as 'deskman' for the Antioch Rescue Squad.

"Star Scouts of Troup 91, Antioch, will be guests of honor at a steak fry tonight at the home of Jim Bruski, Lake Marie. Scoutmaster of the troop is Ken Sheldon."

A Bon Voyage party was held for Miss Dorothy Olson who "took off" on a world cruise. The party was held at the home of Lucille Eberman.

## New Residence for Allendale

The Board of Directors of the Bush Foundation at their July, 1971 meeting, granted \$100,000 to the Allendale School for Boys in Lake Villa, Illinois, provided that the school is able to raise the remainder of its \$172,000 fund-raising goal.

The grant will make possible the establishment of a new boys' residence for boys at Allendale, the design of which will serve as a model for other similar agencies across the United States, as well as for other cottages at Allendale which need immediate replacement.

The Bush Foundation in extending this grant has indicated their awareness of the great need in the area of caring for and treatment of emotionally disturbed boys and the lack of public funds available to meet the demand placed on agencies serving this type youngster.

The late Archibald G. Bush, founder of the foundation and a former resident of Chicago, began as an employee with the Minnesota Mining and Manufacturing Company. He later became chairman of the company's executive committee.

George S. Swope, President of the Allendale Association, states, "It is difficult to express how much this means to our long range program to prevent young boys from falling victims of the ghettos by building them to return to the community as constructive citizens."

Ground breaking of the new residence will begin just as soon as the additional funds needed are raised.

## New At ACHS

The following teachers have been hired to complete the staff of Antioch Community High School for the 1971-72 academic year:

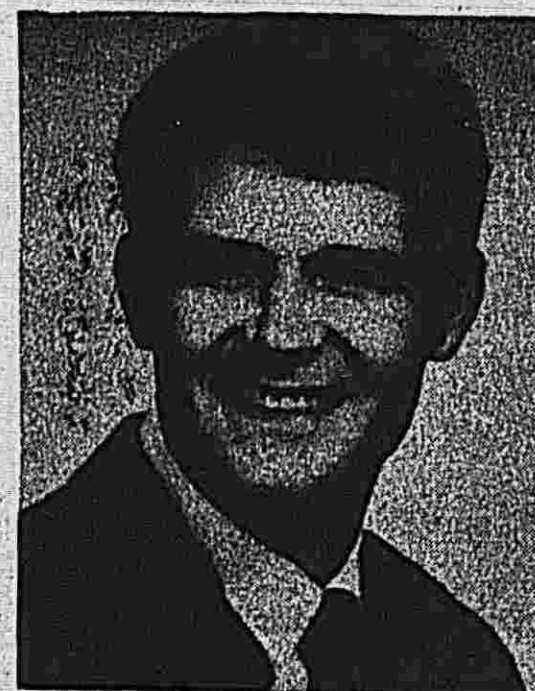

Kathy Clumpner has a Masters Degree from Western Illinois University and will serve as a counselor in the Guidance Department.

Lee Gustafson will be in charge of all instrumental and band programs. He received the Bachelor's Degree from Vander Cook.

DAVID MONKE- graduate of Illinois State University. Will teach bookkeeping and Business Mathematics in the Business Education Department of the Antioch Community High School.

James Curtis will be an instructor in the Social Studies Department and serve as coordinator of Audio-Visual aids. He is a graduate of Wisconsin State University at Stevens Point.

Ted Evans graduated from Iowa State University and will teach Social Studies and coach.

Richard Feldkamp will be an instructor of Electricity and Electronics. He has a Bachelors Degree from Stout University.

Elizabeth Backes will teach Science and Mathematics. She has her Masters Degree from the University of Notre Dame.

Teresa Ekwski graduated from Illinois State University. She will teach Business Education subjects.

## EMMONS TEACHERS MEET

Teachers from the Emmons Grade School will participate in a Teacher's Workshop hosted by Antioch High School on August 31. The speaker will be Dr. Marvin English of the National College of Education. His topic will be "Combating Emotional Pollution".

At the conclusion of the program teachers will meet at Emmons Grade School where school policy, etc. will be explained and discussed.

The children will begin school on September 1 with a half day session. Book fee for the year will be \$10.00 and milk fee will be \$5.40.

## PM&L Tryouts For "The Price"

Tryouts for PM&L's first show of their 11th season will be held at the PM&L Theatre, Wednesday and Thurs., Sept. 1 and 2 beginning at 8 p.m.

Director Jerry Pettera stressed the fact that an adult cast is needed for the Arthur Miller play, THE PRICE.

For further information call 395-9702.

# Combat Litter And Solid Waste!

Many Illinoisans consisting primarily of State and Local officials, community, civic and industry leaders and other governmental officials attended a series of meetings throughout Illinois in August to hear of plans, ways and means of combating LITTER & SOLID WASTE

Seven District Luncheon or Dinner meetings were scheduled starting August 10, Freeport, Illinois on through August 31, Galesburg, Illinois. The governor has issued a Proclamation designating August as "LITTER PREVENTION & SOLID WASTE MONTH". The Proclamation asked that ALL industries and Illinoisans expand their efforts and cooperation in fighting the problem. The slogan for this year's program, "People Start Pollution- People Can Stop It!".

The Local Beer Wholesalers, in coordination with United States Brewers Association hosted a Dinner Meeting at Holiday Inn for mayors, aldermen, educators, ecologists and Local and State Public officials in Lake County.

**Jake Gagne** of United States Brewers Assoc., said USBA is the oldest trade association in America. Their goal, said Mr. Gagne is to work in harmony with government, the community and the individual toward the common objective of community growth.

He called upon industry and the public to give wholehearted support to help Lessen Litter and Reduce Solid Waste. He said the goal of the meetings is to point out solutions are being found which will Lessen Litter and Reduce Solid Waste. Mr. Gagne said he hoped more people would become involved.

Mr. Bob Huttmacker, a Local Wholesaler and Chairman of the meeting, said "As an industry and as Americans living in a beautiful and abundant land, we realize that all citizens have an obligation to change poor personal habits into a sense of social responsibility and civic pride."

Spokesmen from Illinois Institute of Environmental Quality, Keep America Beautiful, Glass Container Manufacturers Institute, Inc. and Can Manufacturers Institute told the audience of their respective programs in working for the solutions. Mr. Jim Kearney of the Glass Makers and Mr. Rudy Lederer of the Can Manuf. outlined programs of reclaiming glass bottles and cans. They said recycling of used items is Reducing Solid Waste.

The purpose of the meeting was to encourage deeper involvement of more and more Illinoisans. The spokesmen of the various organizations sought the cooperation of all interested groups and outlined programs that have been implemented and are PREVENTING LITTER and REDUCING SOLID WASTE.

A newly produced film entitled, "The Environment It's Up To You" was shown. U.S. B. A. Fight Litter Kits, Posters, Decals, Solid Waste Fact Booklets and other material were distributed.

**Veterans Administration**  
advises families of veterans and  
servicemen to keep abreast of  
expanding benefits and  
programs provided for them.

**High school equivalency examinations are offered to hospitalized veterans at 97 Veterans Administration hospitals.**

Three man teams from VA, Dept. of Labor and Office of Education are conducting a wide-ranging counseling program on government benefits for servicemen and women in Vietnam, Japan, Korea, and Europe.

**A Veterans Administration campaign to provide more on-the-job training opportunities for returning Vietnam Era veterans provides help for employers in setting up training.**

## HOD Reverts Prices

NOTICE to all customers in Antioch. Due to wage price freeze policy, we are continuing twice a week pick-up in Antioch. Prices will revert back to those in effect on August 14 when wage price freeze was announced.

Each customer will be allowed four standard size cans per pick-up. There will be an additional charge for any excess over the allowed limit. Arrangements must be made in advance for pick-up of extra garbage.

HOD Disposal Service Inc.

## New Deductions

A baby girl has been born to Joyce and Wayne West of Antioch. Holly Jean was born on August 17 at 7:06 a.m. at St. Therese Hospital. She weighed in at 8 lbs. 13 oz. and 21" long.

Grandparents are Mr. and Mrs. Harold Barski of Antioch and Mr. and Mrs. Wilford West of Odessa, Missouri. Holly's mother is the former owner of Joy's Beauty Salon in Antioch.

## Search For Recipients Of \$5,000

A search is underway in northern Illinois and east central Wisconsin for the children of Helen Kennedy, also known as Nellie and Ellen Kennedy, or their descendants, to share in a \$5,000 estate of which they are obviously unaware.

This became known here when Gordon L. Cox, probate genealogist, 302 West Elm St., Tucson, who specializes in tracing missing relatives to settle estates, took over the search with only scant clues to guide him.

"Our research indicates," Mr. Cox said, "that Helen Kennedy married Thomas Butler on March 5, 1885 in Fond du lac, Wisconsin, and that Thomas Butler died in that city on March 21, 1920.

"It is indicated that Helen Butler (nee Kennedy) and her husband resided in and around the towns of Eden, Wis. and Fond du Lac, Wis. The couple had five children—Alice, Irving,

Thomas, Frank, and Patrick. These children, or their descendants would be entitled to share in the estate."

Mr. Cox said Helen Butler (nee Kennedy) is also believed to have had a brother named James P. Kennedy, who married Rose McCrory. This couple resided in and around Rockford and Chicago Ill. in the 1930's and 1940's. They had a son, James Charles, who was born in Fond du Lac county, Wis. in 1906.

"We are searching," Mr. Cox said, "for friends or others who may have information concerning the whereabouts of Helen Kennedy's children or descendants, to help them claim their share of the tidy sum."

## FIREMEN VISIT BELLEVILLE CONVENTION

Two Antioch firemen, Frank Kuechenmeister and Bernie Gutowski, and their wives just returned from the 81st Annual Illinois Firemen's Association Inc. convention.

The convention was held in Belleville, Illinois near St. Louis.

After attending the many lectures, speeches, and general business meetings, the men took their wives over to St. Louis to sight-see. A lovely town, on the banks of the Mississippi River with the Arch (stainless steel arch, symbolic of St. Louis' historic gateway role) shimmering by the night lights. This is a real masterpiece of work that stands 630 feet in the air. In the daytime you can take a capsule transporter to the top where there is an observation platform. The view is breath-taking. Also, you can walk on the riverboats parked by the shore.

The highlight of the convention was the banquet held Saturday night in the hall of the Augustine Motor Lodge, where over 300 firemen from all over the state gathered.

The ride down is 331 miles. The convention will be held in Rock Island next year, which is a little closer for us "northerners".

## Hatton Aboard Destroyer

Navy Petty Officer Third Class David J. Hatton, son of Mr. and Mrs. Raymond J. Hatton of 125 Belmont Court, Lake Villa, has reported for duty aboard the destroyer USS Rupertus, now deployed to the Western Pacific with the U.S. Seventh Fleet.

## Along the Way with

## Annie Mae

Midnight Madness... What MADNESS! And all those motorcycles. Sure seemed to be enjoying themselves in the parade... we enjoyed watching them too.

The Antioch Fire Dept. team came home with a beautiful 1st PLACE TROPHY from the Lake Villa Firemen's carnival on Sunday... can't tell who was more excited, the men or their wives!

Home from the hospital recently is RICHARD ENDRIES of Hillendale Drive. He and his wife ROSE wish to thank everyone for their cards, visits and good neighborliness. Seems Rose does not drive but with these great neighbors and friends she hasn't missed a day getting in to see Dick. Also, on arriving home the other day, all her grass was cut—Dick will be returning to work at Frosty Sno shortly...

MR. and MRS. WAYNE WEST (the former Joyce Barski) recently became the proud parents of a baby girl—Aug. 17.

Seems bad luck has struck ED & EVELYN STRANG twice in 2 days... The station wagon Ed drives was accidentally bumped into and dented a little, then the following day Evelyn's car was also backed into! Such Luck!

HAPPY BIRTHDAY to Tom Gutowski on Aug. 25 and a little late to David Hahn on August 19.

Today is the last day to get your Ball Park Frank wrappers to the First National or State Bank of Antioch to help earn bats for the Little League... Please help!

A happy group of Cub fans rented a bus and went to the game last Sunday. Even though the Cubs lost, this group was still having fun—Co-pilot Bill Carney asked the driver to stop at Bob & Maggie's in downtown Lake Villa. They had to do some fast talking, as some lady reported the bus to the police. Seems when he was trying to re-load the bus, he beeped the horn too much! (of course the carnival noise next store didn't bother her!)

If you see boys in baseball uniforms, they are promoting a fund raising drive for the ANTIOCH LITTLE LEAGUE. Please be courteous and buy from them... The 1st prize is 1/2 beef, 2nd prize is a hind quarter and 3rd prize is a fore quarter.

HAPPY ANNIVERSARY on August 31 to DICK AND ROSE ENDRIES...

Who had more fun at the Village Green picnic, the kids or GUS COSTOFF? Seems like everyone really enjoyed the day...

There's a long legged bird hovering over the north end of Antioch... a stork perhaps?!

GET WELL to CARL OETTING who is in the Naval Hospital at Orlando Naval Training Center in Florida.

Let those boys know we're thinking of them—give the addresses of servicemen overseas to the Post Office so they can get out some packages to them right away...

JULIO SANCHEZ, this year's AFS student from Costa Rica, was the guest of the JEAN IRVING family on a trip to the Milwaukee County Zoo on August 18... Julio had never seen such a large zoo and was very interested in the operation.

I hear an ACHS teacher is expecting delivery soon on a mini-sized red shag... rug!! I can't wait to see it...

MR. AND MRS. JOHN L. HORAN of Antioch spent the past weekend at Danville, Illinois attending the executive board meeting of the American Legion for Illinois. Mr. Horan holds the state appointment as Historian for the American Legion, serving his second year.

Several Antioch athletes took in the Wisconsin State Fair last week. I guess they saw quite a good side show...

Have you seen any more green monsters, Mitch?!

The GLENN FAMILY reunion was held at the ROBERT BEMIS home Sunday. Attending were the E.H. Glenns, the Walter Message Family, the William Message family, Betsy Young and family, the James Glenns, the Henry Glenns, Lena Message and Olive Hallwas.

Don't forget to save your non-returnable glass containers for the GLASS-MOBILE coming Sept. 4-6...

Annie Mae

## DEPOLLUTE

Never flush away what you can put in the garbage. Especially unsuspected organic cloggers like fat (give it to the birds), coffee grounds, or tea leaves (gardeners dote on them).

### The Young Image

ANTIOCH 395-3810

Stretchini makes a world of things for girls. Great new styles, color-coordinated in wardrobe groups. You can build a wardrobe of Stretchinis around one or two. Add another. And another. Mix them, match them, switch them around. This is Stretchinethic. It adds up to good fashion sense—and dollar sense, too. With Stretchini you know you've got correct size. And perfect fit. Because the fabrics, either stretch or non-stretch, do what they're supposed to do. They're the best science has developed.

Look for Stretchini pants, shirts, swimwear, skirts, sweaters, jumpers, jackets. Put them together and try out your Stretchinethic. Both sizes range from 3-6X & 7-14.

Recent visitors to the Queen Mary at her berth in the Port of Long Beach were Mrs. Norman Hawking (left) of Huntington Beach, Calif., and her aunt, Mrs. Earnest Hawking of Antioch, Ill. The former Cunard liner is now open for Preview Tours seven days a week.

# Generation Gap

by Karen Sheehan

With some college students already back at school and the rest of us madly preparing to return, another restful (?) summer draws to a close. It's time for us to spend the last of those hard-earned summer paychecks for a new wardrobe when all we'll end up wearing is the same pair of jeans we wore last year!

One of us who was really anxious to get to school, and I can see why is FRED KOCH. He left last Saturday for Embry Riddle Aviation Academy in Daytona Beach, Florida! Having completed two years at Southern Illinois University where he earned his private and commercial pilot's licenses, Fred will continue his studies for two or three years at Embry Riddle. As a member of the Marine Platoon Leaders Program, Fred will be a 2nd lieutenant when he gets his degree. This summer, Fred worked outside, building seawalls and such with Bill Durrell.

A recent graduate of the

College of Lake County Practical Nurse Program is GAIL OETTING. With State Board Exams coming up in October, Gail is working at St. Therese Hospital in Waukegan.

When I ran into PAUL YUSCA, he was looking for a new car to take back to Ripon College in Ripon, Wisconsin this fall. Paul will be a junior and, although he thought he's be a chemistry major, he's now switched to economics. Paul worked in Waukegan for a while this summer and now he's finishing off the vacation with a house painting project for his father.

VAL STROM has taken over her sister's job part time at Barnstable's since Debbie got married August 7. Val spent lots of time at the pool and helping with the wedding this summer. She's completed two years at Augustana College in Rock Island.

Very soon to return to Augustana College is RALPH ZANCK. He'll get back from his vacation trip out to Texas (and Mexico) just in time to get to school for football practice. Ralph will be a junior at Augustana.

JANICE RADKE and DEBIE JOFT are all set to start their freshman year at Carroll College in Waukesha this fall. They had their registration and orientation program two weeks ago and classes begin September 9. Good Luck!

A girl, filling out a form before going to college, came to the question: "What is your denominational preference?" She wrote: "I like to be called Betty."

## SHEEHAN-MEYER

Linda Jean Sheehan, daughter of Mr. and Mrs. Warren Sheehan of Lake Villa, wore a dress designed by her and made by her mother when she became the bride of Kenneth Meyer, Jr., son of Mr. and Mrs. Kenneth Meyer, Sr. of Antioch, on August 7.

Reverend David Lynch officiated at the 4 p.m. double ring service at Prince of Peace Church.

The bride's gown had a bodice of gathered lace on lace and miramist. Her headpiece was an illusion veil caught by a profile of embroidered flowers. The handkerchief carried by

the bride was also used by her mother at her wedding.

Matron of Honor was the bride's sister Mrs. Janet Eppers and Best Man was Rick Churchill.

A reception was held at the Lake Villa VFW Hall. The Meyers will make their home at 408 Hickory Circle in Mokena, Illinois.

## Sails Without Bells

Just when a modern-thinking Secretary of the Navy thought he was doing sailors a favor in abolishing famous and traditional bell-bottom trousers, bell-bottoms come back into style. Now, many U.S. sailors don't want to give up the style!

Secretary Elmo Zumwalt's recent order, ending the wearing of bell-bottoms as of July 1st, 1973, has encountered both the style trend and opposition from petty officer and officer ranks. Petty officers who have worked their way up—and out of the bell-bottoms—look upon the order as coddling, disregarding tradition. They think it best that all ranks not look alike or dress alike.

And so, perhaps, the 130-year tradition might be end-

ed with sailors, petty officers and officers all opposed to the change, ordered to boost morale!

Attention

Hay Fever Sufferers

NORTH CHICAGO—Abbott Laboratories announced today the resumption of its 24-hour pollen-counting service for area residents. Hay fever sufferers can call 761-6750 in Chicago and Cook County, or 688-2522 in the suburbs to receive the latest pollen count information.

## NIU NAMES DEAN'S LIST

DEKALB—A record 2,176 Northern Illinois University undergraduates, representing 14 per cent of the full-time undergraduates, made the academic honor roll for spring semester 1971.

Area students named to the honor roll were Catherine A. Craner, Rt. 2, Charles Forster, Rt. 2 and Ruth Ellen O'Neill, Birchwood Dr., all of Antioch and Sharon Vivian Alex of Lake Villa.

To make the Dean's List at Northern a student must maintain a 3.5 grade point average or better. A 3.5 represents a "B plus" under Northern's grading system.

n.: pl.-TIES. (L. societas fr. socius a companion; cf. F. societe. See SOCIAL) the relationship of men associated in any way to one another; companionship; fellowship; connection; participation.

Hester-Yount

Millburn Congregational Church was the site of the August 21 wedding of Carola Susan Hester of Lake Villa to Bruce Wayne Yount of Fort Lauderdale, Florida.

The bride was given away by Mr. Allen D. Hester at the 1 p.m. double ring service. Reverend Philip Laurin Sherry Yount, sister of the groom, was Carola's Maid of Honor, and Best Man was Jimmy Hill.

The bride's gown was fashioned of cotton voile and Irish cotton lace and styled with an empire bodice and long lantern sleeves. The gown featured a lace bib front with an A-line skirt edged at the hem with matching Irish lace and a detached chapel train bordered in matching lace. She wore an illusion veil profiled of

Venice lace and petals appliqued with sequins.

The groom, son of Mr. and Mrs. H.W. Yount, is a senior at Stetson University. The bride has completed one year at Stetson and is affiliated with Phi Mu Sorority.

A reception was held at Lorenz's Country House. The Younts will make their home in Fort Lauderdale.

Mr. and Mrs. Bill House of San Antonio, Texas announce the engagement of their daughter Sonola to Kenneth Roy Erickson, formerly of 1234 Main Street, Antioch.

Miss House is employed by Southwestern Bell Telephone Co. A September 4 wedding is planned.

SOCIAL NOTES  
by Del Jahneke

The Horton family and friends held a family reunion picnic at Fox River Park near Wilmet on August 8. There were 62 present from Antioch and Grayslake in Illinois; Racine and Jefferson, Wisconsin, and one person from California, Mrs. Myrtle Hufferdink. The oldest person was Charley Wait, 84 years young, and the youngest was six month old Christine Louise Horton, daughter of the Dean Hortons of Bristol, Wisconsin. Those members of the family attending from Antioch were the Floyd Hortons, Joseph Hortons and Mrs. Effie Nelson, the Glen Hauser family, the Ray Hortons, and the Barney Neveliers. Many more would have been "part and parcel" of this pleasant party but vacations, illnesses and long distances to travel interfered, making a smaller get together.

The Bernard Stadick family of Antioch have just returned from a fabulous, fun-filled two week vacation. Traveling Route 66 all the way from Illinois to their destination at Anaheim, California, they made record time. While in that vicinity, they paid visits to that "never, never wonderland" of Disneyland, admired the superb figures of famous people at the Wax Museum, and took a trip to Knott's Berry Farm. Here Sandra and Cheryl panned for gold (find any nuggets, girls?), enjoyed the John Wayne theatre, the descent into a coal mine (slightly simulated!), made a tour of the old time cobbler's shop, where shoes are still being fashioned by hand, watched the weaving of the loom workers, sampled some of the excellent food, and boysenberry jam to bring home. On to the Japanese Village in Buena Park, where they saw Japanese dancing in colorful Oriental attire, and were amused by the acrobatic antics of trained seals, and in another act, they looked at trained bears performing many tricks. There were beautiful Japanese tea houses, set amidst lovely gardens.

The Stadicks reached Las Vegas next, where the 110 degree temperature shortened their stay considerably. In Colorado, they visited the Calico Mine, an old mining town, which had been one of the deserted communities that are discovered throughout the west. Many of the old-time saloons, stores and hotels have been renovated, and it was like stepping back in history to the old west days. They stopped at the Four Corners Monument, where one can see Colorado, Nevada, New Mexico and Arizona in one glance.

There were thrills and chills aplenty as they crossed the Royal Gorge, high above the Colorado River, as the bridge sways back and forth nearly constantly. They climbed

Buying Tip:  
Know Limit Of Freezer

Chicago (NFS) — Know your limits when buying fresh fruits or vegetables to freeze, and don't bring home more than you and your freezer can handle.

Speed of preparation, packaging, and freezing is essential to good quality, according to Mrs. Pauline Church, home service advisor to the Republic Molding Corporation, Chicago.

"Check your freezer manual as to how much you can freeze quickly and without risk to other contents," she advised.

"AS A RULE, freezing loads should never exceed 1/15 of total freezer capacity — 20 pounds for a 10-cubic foot

freezer, for example."

Temperature variations and improper packaging are the two most common causes of quality loss in frozen foods. So it's most important to use moisture-vapor resistant wrapping materials and containers that will protect against the cold, dry atmosphere of the freezer.

"Commercial food containers, such as cottage cheese cartons and plastic ice cream tubs, don't offer adequate protection for long-term home freezer storage," she cautioned.

Most homemakers prefer square containers that stack easily to conserve space, once contents are frozen. A strip of white freezer tape makes an ideal label on which to note contents and date, the Republic advisor concluded.

14 yr. old  
traveler returns

How can a 14 year old take a summer vacation to England?

Well, by lots of hard work babysitting, mowing lawns and anything to make money for his fare—and by having his grandparents live in England—14 year old Raymond Baczynski did it.

Son of Valerie and Joseph Baczynski of Channel Lake, Raymond arrived home yesterday after spending two months in the foreign land. He left June 22 and flew to England, being met by his grandparents Mr. and Mrs. Raymond Brean.

It was well worth the work involved in getting there, as Raymond did lots of sight-seeing with his grandparents, including Paris last week!

## Obituaries

**MRS. ELIZABETH SHEPARD**—59 yrs. old of 654 Main St., Antioch passed away Saturday August 21 at 11:30 a.m. in the Putnam County Hospital at Greencastle, Indiana from a heart attack. She was born June 8, 1912 at Bridgeport, Ill. and moved to Richmond, Ill. in 1918, to Antioch in 1953, Indianapolis, Ind. for 1½ yrs., then to Kansas City, Missouri and back to Antioch. She had been a housemother at Sigma Nu fraternity from 1965 to 1967, then a house mother at Kappa Kappa Gamma Sorority from 1967 until the present time, all of which was at DePaw University in Greencastle, Indiana. She holds membership in the Antioch Methodist Church, and Antioch Chapter Order of Eastern Star. Elizabeth Gaston married Hanaford E. Shepard in 1930 at Milwaukee, Wis. and he preceded her in death on Sept. 28, 1960.

Survivors are two sons Walter H. Shepard of Antioch, Howard E. Shepard of Webster City, Iowa, one daughter Mrs. Mary (William) Terry of Dale City, Virginia, her mother Mrs. Margaret E. Gaston of Antioch, three brothers Howard Gaston of Naples, Florida, Harold Gaston of Antioch and Robert Gaston of Phoenix, Arizona and 8 grandchildren.

Funeral services were held on Tuesday at the Strang Funeral Home in Antioch, Rev. Donald Cobb of the United Methodist Church in Antioch officiated. Interment was at Hillside Cemetery at Antioch.

**MRS. NORA K. PANZEK**—64 yrs. old of Antioch passed away Friday August 20 at her home in Morley's Subdivision. She was born July 12, 1907 in Castlebar, County Mayo, Ireland and came to the United States in 1912 to reside in Chicago until moving to Antioch in 1965. She was a past president of Morley's Subdivision Improvement Association.

Survivors are her husband Henry J. "Pat" Panzek—4 daughters Mrs. Lorraine (Norman) Triptow of Chicago, Mrs. Kathleen (Peter) Wisniewski of Norridge, Mrs. Patricia (Martin) Miller of Westchester and Mrs. Patricia (Edward) McCloskey of Chicago. 5 sons Edward McNally of Antioch Michael McNally of Mt. Prospect, Robert McNally of Vesper, Wis., Dennis McNally of Chicago and James McNally of Antioch. 2 brothers Mr. Patrick Heffron of Chicago and Mr. George Heffron of Streamwood, Ill. and 19

grandchildren and 2 great grandchildren.

**EDWARD G. ADAMOWSKI**, 60 yrs. old, of Antioch passed away on August 20. He was the beloved husband of Margaret, dear father of Janice [Vernon] Visina and Helen [Scott] Savage, and dear son of Minnie and the late Walter. He was the grandfather of four.

Visitation was on Saturday and Sunday at the Barr Funeral Home Colonial Chapel, 532 Lake Street, Antioch. There was a mass at St. Peter's Church at 10 a.m. on Monday with interment St. Adalbert's Cemetery in Niles, Illinois.

Mr. Adamowski formerly worked at Thompson's Bar and Grill in Antioch.

### CHRISTIAN SCIENCE CHURCHES

What underlies today's interest in divine healing?

This is a question to be explored at Christian Science church services Sunday in a Lesson-Sermon entitled "Christ Jesus."

The restoration of sight to the man born blind is one of the healings Jesus Christ included in the Bible readings. It contains this insight: "If this man were not of God, he could do nothing."

Commentary from SCIENCE AND HEALTH WITH KEY TO THE SCRIPTURES by Mary Baker Eddy relates such healing to today's demands. One citation states: "It is possible, - yes, it is the duty and privilege of every child, man, and woman, - to follow in some degree the example of the Master by the demonstration of Truth and Life, of health and holiness."

Services at First Church of Christ, Scientist, Beacon Hill, Rt. 173 and Harden, Antioch, Ill., begin at 11 a.m. Everyone is welcome.

## Underwriters Collect \$124.67

Tuesday, August 10, John F. Conarchy, Public Service Chairman of the Lake County Life Underwriters, presented a check in the amount of \$124.67 to Dr. William R. Darnell, President of the Heart Association of Lake County. This check represented the money collected by the Lake County Life Underwriters in their public service booth at the Lake County Fair.

The Underwriters checked the weight of fair-goers against the insurance industry standards and requested those who were overweight to donate, if they wished, a penny per pound to the Heart Association of Lake County.

In addition to their two recent public service projects—Medic Alert Month in March and the Fair booth in July—the Underwriters are now laying plans for a Speaker's Bureau whose members will be available to all civic, social and church organizations in the near future.

In closing, Mr. Conarchy

remarked that he was unable to say whether the \$124.67 that was collected represented 12,467 pounds of excess weight, or whether it also represented generous contributions by fair-goers.

**EDITORS NOTE:** A phone call from Mr. Conarchy last week was a pleasant "Thank You" to THE ANTIOCH NEWS. It seems that many people coming to the Lake County Life Underwriters booth at the Lake County Fair had read about the booth in our paper and were very happy to find it. We are your source of information: be sure to read us thoroughly.

## 10th ANNUAL TELL ART FAIR

Scheduled in New Glarus

The Wilhelm Tell Outdoor Art Fair will be staged for the 10th consecutive year in New Glarus, Wis. on Sunday, Sept. 5, during the annual "Wilhelm Tell" drama and weekend festival in the picturesque

Swiss community of southern Wis.

Open to professional and amateur artists, the outdoor art fair will be held from 10 a.m. to 7 p.m. in the New Glarus Village park. Approximately \$950 in prizes will be awarded. Bruce Breckenridge, art professor at the University of Wis., will judge the entries.

Application blanks may be obtained from: Mrs. Richard Wainwright, Tell Art Fair Committee, New Glarus, Wis. 53574. Rain date is Monday, September 6.

The Swiss of New Glarus

will present Schiller's classic drama, "Wilhelm Tell", this year in the English on Saturday and Monday, Sept. 4 and 6, and in its original German on Sunday, Sept. 5. The dramas begin at 1 p.m. each day.

New Glarus families open their homes to overnight guests during the Tell Festival weekend; imported gift items and Swiss foods and delicacies are available at stores and shops in the village. New Glarus is 27 miles southwest of Madison on Highway 69, or 2½ hours from Chicago.

## Dancing - "I Love My Work!"

How rarely are heard the words, "I love my work." All too often a job is a necessity, not really something you like doing for its own sake. Two vivacious young ladies are attempting to combine their first love, dancing, with the practical problem of earning a living by forming their own dance studio.

Suzi Burns of Fox Lake and Judy Brennan of Mundein are planning a September opening of The Dance Shoppe in downtown Fox Lake next to the Towne Theatre. Classes will be available in ballet, point (toe), tap, modern jazz and acrobatic dancing as well as baton. A course in modeling will be conducted by Judy Brennan, who is a graduate of the Patricia Stevens School of Modeling. Lessons will be available for all age groups 4 years old and up.

Both young ladies are well known in the area. Judy has done a great deal of work with the Kirk Players and is currently on their board of directors. She studied with Vivian Chmera in Mundein and with Petri of Chicago. Judy toured for two years with the Dorothy Hall Dancers and, prior to her marriage, ran her own dance studio in Evanston.

Miss Brennan has done extensive choreography for the former Carrousel Theatre in Waukegan and has done several high school shows in the Mundein-Libertyville area.

Suzi Burns is best known to Antioch residents for her work with PM&L where she starred in Barefoot in the Park and did the choreography for The Fantasticks. Young people will remember her dance work in the ACHS production of The Wizard of Oz. Suzi has also done extensive work for the Carrousel Theatre and is currently the choreographer for The Pacemakers, a young people's group which has toured the U.S. and Canada.

Suzi toured Europe with the Talented Teens, U.S.A. in 1968 as a solo dancer. The tour, made up of 18 teenagers from throughout the U.S., covered 6 European countries entertaining GI's and the general public.

Miss Burns has put together several shows for the American Legion Vietnam Veterans outings as well as for various Women's Clubs and other civic organizations.

Suzi studied with Tulutha

Tesmer, Pam Walsh, Twila Apears and Tommy Sutton. Her teaching experience has been with the Lake Region School of Dance and The Theatre Academy in Chicago's loop.

Anyone wishing further information about the school may call either 587-7824 or 566-7041. Classes are scheduled to start in September.

## Arboretum Tells New Hours

On September 1, the entrance fee at the Morton Arboretum will be raised to \$1 per car. The new fee includes both admission and parking charges, and when it goes into effect, free public parking will be discontinued. The Park Boulevard entrance will also be closed so that all cars will enter

the Arboretum through the main Route 53 entrances, passing the information gatehouses. With more visitors coming each year, the new fee policy enlists the participation of the Arboretum's public in sharing a modest portion of the increasing costs of road and trail maintenance, repairs due to

vandalism, and provision of security services. This will be the first change in Arboretum fees in over ten years. As in the past, an annual pass which includes unlimited admissions, parking and other benefits may be purchased. The annual fee will be \$15.

## He's Older Than The Telephone

He wanted to live to be 100. Now he's got it made.

That's Harry M. Webber of Round Lake Park, Illinois Bell Telephone's oldest retiree who rounded out a century on August 17.

"I don't think I'll go for another hundred," says Webber. He retired in 1936, after 41 years with the company.

Born August 17, 1871—a year before Alexander Graham Bell moved to the United States to live, five years before Bell patented the telephone—Webber has said he owes his long life to "doing everything in moderation." He started smoking at age 12, and still burns a lot of cigars—even has an occasional drink, like beer.

"They said I was a pretty good boy," he allows, though.

This most senior of all Illinois Bell's more than 10,000 retired senior citizens lives at 320 Elder with his son-in-law, Daniel R. Bull, 65, who also is retired from the phone company. Webber's daughter is in a nursing home, so the son-in-law looks after "granddad".

"He does all right and feels pretty good most of the time," said Bull. "He doesn't get outside much anymore. Until a couple years ago he enjoyed reading, and watching the Chicago Cubs on television. But now he can't hear well enough, and has cataracts. He went to the hospital in February for observation. After a few days they sent him home and said they couldn't find a thing wrong with him."

"The grass needs cutting, I know that," Webber observed. He will occasionally get up and walk in the front yard. And he'll even venture across the street to watch the ducks on the pond.

With some relatives, they celebrated Webber's birthday Sunday, at the Holiday Inn at Gurnee. On August 17, an Illinois Bell personnel and Telephone Pioneers of America representative made a special presentation at the Webber home. Harry is the oldest member of more than 250,000 Pioneers, an international social service organization of

veteran telephone employees. The Pioneers this year are celebrating the 60th anniversary.

Webber has been interested in the U.S. astronauts' flights to the moon.

Asked whether he'd like to be an astronaut, Webber grinned, "might as well be there as anywhere else, now, I guess."

Born in Quincy, Webber graduated from the old Gem City Business College there. He set out for Chicago at age 24. In 1895 he joined the Chicago Telephone Company, forerunner of Illinois Bell.

"I got to town at 8:30 in the morning and went to work at 9," he recalls. He started in the construction department, then graduated through clerical jobs into the security department.

Superintendent of the Security Department for 20 years, Webber handled telephone company matters involving illegal use of phones by bookies and others during Chicago's turbulent twenties. He did secret service work in World War I.

Webber was on hand when the first long distance call was made from Chicago to London, February 12, 1927. He remembers it cost \$78 (Now, it's \$4.05). Harry also recalls when a coast-to-coast call was \$9, in 1928. Now it's \$.70.

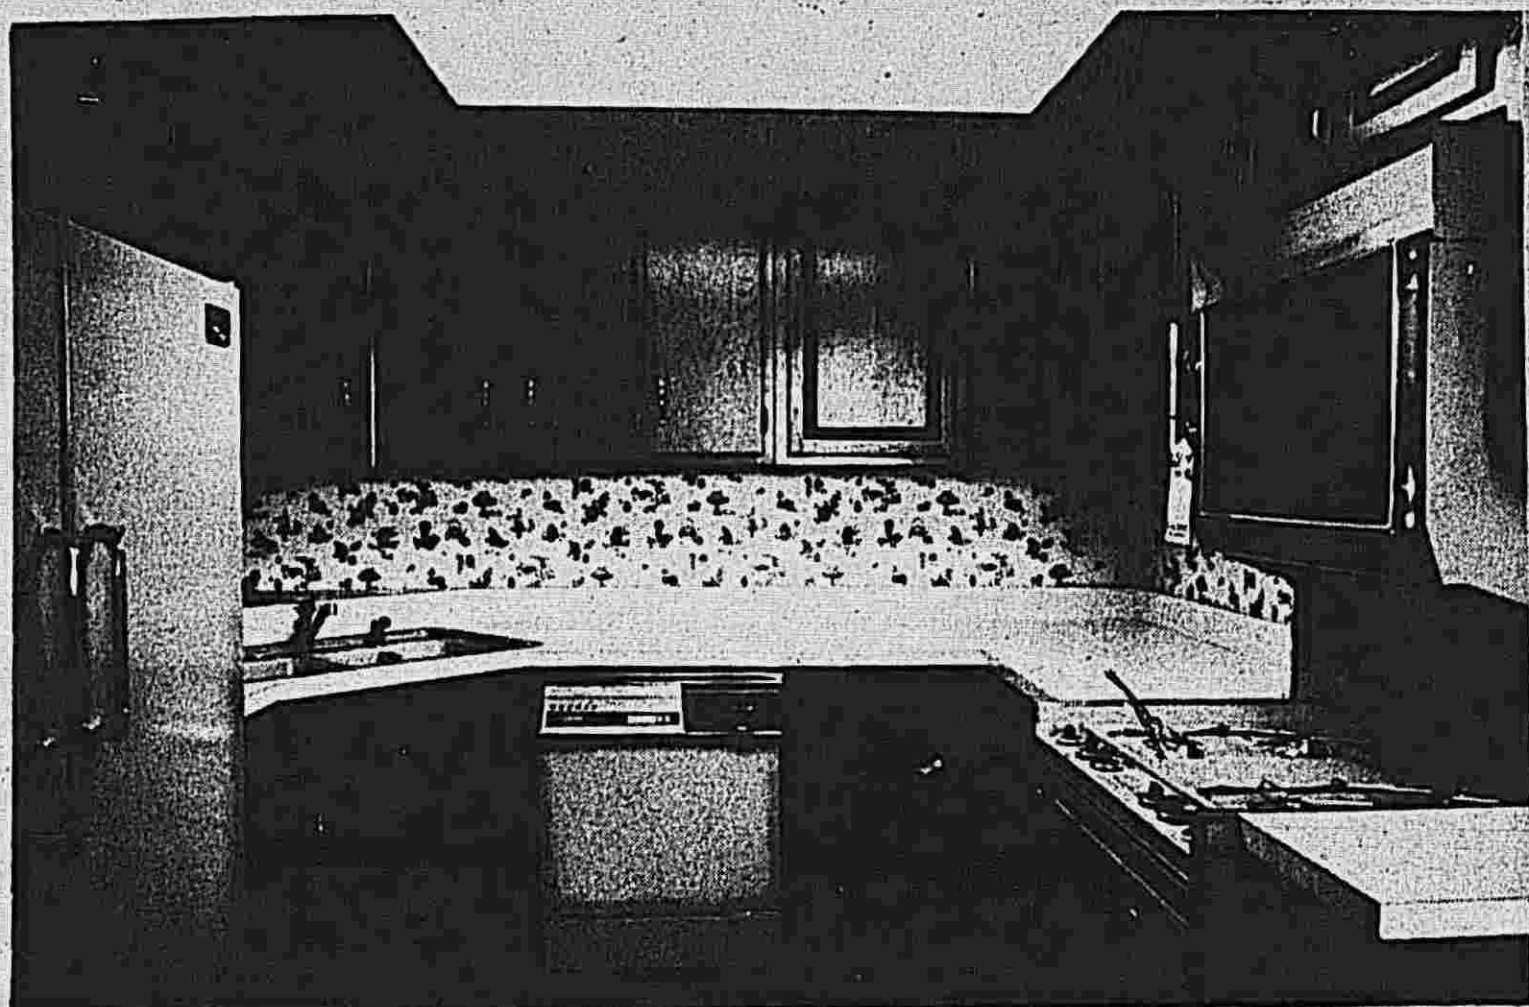

When Webber retired, he moved to California and lived there until his wife died. He returned to Illinois in February 1968.

Webber has lived to see Bell's Telstar, first space communications satellite; electronic telephone switching, and "see-as-you-talk" Picturephone. But he won't speculate on telephone's next 100 years.

With schools opening next week, please observe the 20 mph speed limits. Please drive carefully and protect our children.

## Au Domaine universitaire des artistes américains exposent : Le Dauphiné en peinture

Arrivé à Grenoble le 1er juillet, un groupe d'artistes américains séjourne actuellement au campus universitaire. Ils sont 21, les uns étudiants aux Beaux-Arts, les autres professeurs de dessin à l'université d'Etat de l'Illinois.

Depuis un mois, ils suivent des cours de Français le matin se promenant l'après-midi, et consacrent les week-ends à la découverte des environs de Grenoble. Ayant parcouru le Dauphiné, ils n'ont pu résister à l'attrait de reproduire en peinture et en croquis, tout ce qui leur paraissait pittoresque et original. Une centaine de dessins et de toiles, exposés dans une salle de la faculté de Lettres nous fait voir la région grenobloise sous un angle particulier et cocasse. Si les montagnes se retrouvent souvent dans cette exposition, les points de vue n'en sont pas moins variés : l'Oisans vu de La Grave, Belledonne, croqué à partir de Sassenage de Grenoble de la Bastille etc.... Toutes ces peintures d'un strict réalisme permettent de contempler les sommets élevés qui entourent notre région, car comme nous l'explique le directeur du groupe M. Georges Bradford : « Dans l'Illinois tout est plat, il n'y a pas de montagne et ces tableaux seront de très beaux souvenirs ».

A côté de ces vues, un ensemble de croquis représente avec finesse certains quartiers de Grenoble : le quartier Saint-Laurent, la place Saint-André, l'Hôtel Lesdiguières, la place

Grenette et ses cafés et le marché de la place Sainte-Claire. Certaines peintures ont été mises en vente, entre autres des tableaux de Mme Jane Craner professeur de dessin à Antioch (Illinois). Parmi ceux-ci, une reproduction de cet auteur permet de constater l'animation qui règne sur la place Saint-André. Mais le plus représentatif n'est - il pas ce tableau qui - montre une bouteille de vin entourée de différentes sor-

tes de fromages de notre région, car - « Aux Etats-Unis on en trouve pas » ! Il en est de même pour les marchés quotidiens de la place Sainte-Claire ou de la place aux Herbes qui ont été reproduits avec fidélité. « Spectacle rare aux USA » disent les artistes. Qui sait ? ces tableaux n'en auront peut-être que plus de valeur de l'autre côté de l'Atlantique !

B. M.

## Jane Craner Visits France

Mrs. Jane Craner was among 24 graduate and undergraduate students from Illinois State University at Normal who spent eight weeks in France this summer. The program, under the direction of Mr. George Barford, entailed the study of art history, French, sketching and painting, earning college credits.

The group arrived at the Domain University of Grenoble on July 1. In addition to their studies of French, they were allowed to go anywhere around Grenoble to sketch and paint all of the picturesque sites. Those included l'Oisan vu de La Grave and Belledonne. The paintings and sketches they did will be excellent souvenirs of the trip.

The French particularly appreciated several works of Mrs. Jane Craner, art teacher at Antioch High School (only elementary school teachers are referred to as teachers in France, therefore Mrs. Craner was called a professor of design). They admired the animation of the people she painted around the square of St. Andre. Mrs. Craner was asked why she painted a bottle of wine, cheese, and bread. She felt that this is a typical snack in France, where it is not in the

U.S., and that is why she painted it.

Of her trip Mrs. Craner said that she was particularly thrilled by being right in the Alps. The glaciers and mountains were beautiful.

Although she missed our 4th of July, Mrs. Craner says that she thoroughly enjoyed celebrating Bastille Day with the French!

Mrs. Craner and the ANTIOCH NEWS felt that those who have studied French, or are studying it now, would enjoy attempting to read the article about this student group directly as it appeared in the French newspaper.

For the second consecutive year, the number of births in the U.S. has increased, after a downward trend which lasted from 1957-1968. An estimated 3,718,000 births were recorded in 1970. According to a U.S. government report, the rise can be attributed primarily to the increase in the number of women of childbearing age rather than to any increase in the rate at which women are bearing children.

\*\*\*\*\*

## Horan "President Emeritus" of AARP

It was January 12, 1965 when a group of Antioch area senior citizens met, having an interest in forming a chapter to be affiliated with the National Retired Teachers Association (NRTA) and The American Association of Retired Persons (AARP). It was found that a number of Antioch Senior Citizens had already held membership in the national organizations.

In checking the Antioch area it was found that the interest was great, so a meeting was held on February 23, 1965 and temporary officers were selected as follows: John L. Horan, President, Barbara Jorgensen, Vice President, Rose Kennedy, Secretary, and James Kocmoud, Treasurer.

The Community Room of the Antioch Savings and Loan Building was accepted for the meetings to be held on the second and fourth Tuesday of each month with a vacation period during the months of July and August.

At a meeting on March 9, 1965, the discussion came up as to the name to be used and it was decided to call it "The Antioch Area Chapter", because membership was accepted from the neighboring state of Wisconsin. Then on March 30 a request to the national organization was made in order to get a charter and number for the chapter, also the question of dues as the national charged \$2.00 for one person and the same figure for couples at \$2.00. Local dues was set at \$3.00.

A report was given on the new by-laws and following the reading of same they were accepted.

A visitor was on hand to enlighten the chapter members on their progress, Mr. Fred Faassen, Zion, Ill. now the President of AARP.

Meetings for the balance of the year 1965 were taken up by speakers, slides on tours, movies and some card playing.

On July 20, 1966, an Illinois state charter was received and 76 names were listed as being charter members.

On December 14, 1966, the American Association of Retired Persons presented the chapter with a national charter and the Antioch Area Chapter received Number 387.

For the years 1967, 1968, 1969 and up to June 1970, Mr. Horan served as President of the local AARP. Then the chapter was notified that a change in presidents had to take place, as Mr. Horan served for more than two years as stipulated by the national constitution. With a compromise between Mr. Horan and Mr. Harold W. Lindberg, it was agreed that Mr. Lindberg would take over as president and Mr. Horan would continue on as program chairman for 1970 and 1971. Other officers are 1st Vice President, Ruth Carlson; Fred Wendt-2nd Vice

President; Stella Nelson-Secretary; and Clarence F. Spiering-Treasurer.

Other business taken up at the annual meeting was the suggestion by President Lindberg to hold meetings on every Tuesday of the month and was accepted.

The membership present voted that the name of John L. Horan be given the title "PRESIDENT EMERITUS" in the chapter records for his outstanding work in promoting and building up the Antioch Area Chapter. The Chapter has a membership today of over 187 senior citizens in age bracket of 65 years and up.

The first meeting for the fall season will take place on Tuesday September 7, 1971 at the Antioch Savings and Loan Building Community Room at 12:30 noon. The usual coffee and cake will be served followed by the showing of movies.

## Grace Young Works On Masters Aids Olympics For Retarded Children

Grace Young, daughter of Mr. and Mrs. Harold Young of North Main St., Antioch, recently had one of the most interesting experiences of her life. Grace is a staff member of the Recreation Department at Carbondale, Illinois where she is currently working on her Master's Degree at Southern Illinois University.

Along with other members of the Recreation Department, Grace accompanied 44 young people from the Carbondale area to the Illinois Special Olympics for Retarded Children held at Chicago the weekend of August 5. The 44 children entered 49 events and went home with 41 awards. According to Grace, the success of their team was mainly the result of two coaches who worked very hard with the children.

The Illinois Special Olympics for Retarded Children had

more than 1500 young, retarded athletes participating in the sports competition at Hutchinson Field near Grant Park.

Mayor Richard J. Daley, honorary chairman of the program, joined other civic leaders at a noon torch-lighting ceremony to start off the competition for gold, silver and bronze medals and commendation ribbons in track and field events, softball throw and swimming.

The group from Carbondale received three special trophies awarded by Mayor Daley, 13 gold awards, 10 silver and 8 bronze awards plus a commendation ribbon. The group also had three 4th place winners and five 5th place winners.

Dr. William Freeberg, professor of education at Southern

Illinois University, accompanied the group to Chicago. "This is a big event for the youngsters," Freeberg said. "It means everything to them." For many of the youngsters it's their first trip to Chicago and they get so excited they forget about the competition.

"They get the roofs of their mouths sunburned from gaping up at the tall buildings," Freeberg said.

The Olympics is sponsored by the Chicago Park District and the Mentally Retarded Olympian Program.

Harlene, Grace's sister, took the afternoon off work to see her sister's team in action, and became an accidental participant in the festivities herself. Harlene works in the John Hancock Building and thought it would be exciting for the children to go up to the

observation floor of the Hancock. Due to the special circumstances she was sure the management of the building would allow the youngsters to go up free. After arriving at the Hancock Building with the youngsters in tow Harlene discovered that the management wasn't as philanthropic as she had hoped. Undismayed, she dashed to the offices of Shearson and Hammill, where she is employed, and the brokers took up a collection to pay the admission of all 43 youngsters. Harlene and Grace said that the youngsters were particularly thrilled by the experience.

This was only one example of private generosity which made the Olympics a success. Many of the communities in the southern part of the state had difficulty raising the funds

for their youngsters to participate. Through a special drive launched by David Condon of "In The Wake of the News" column in the Chicago Tribune, sufficient money was raised privately to bring these youngsters to Chicago for one of the greatest moments in their lives. Grace's group from the Egyptian Day Camp, which sponsored kids from some 44 southern counties, received special help from this drive.

If anyone still wishes to contribute, the checks should be made payable to: The Egyptian Day Camp for Mentally Retarded--Special Olympics. Send them to David Condon, "In the Wake of the News", Chicago Tribune, Chicago, Ill. and he will forward them.

## Law States Exemption

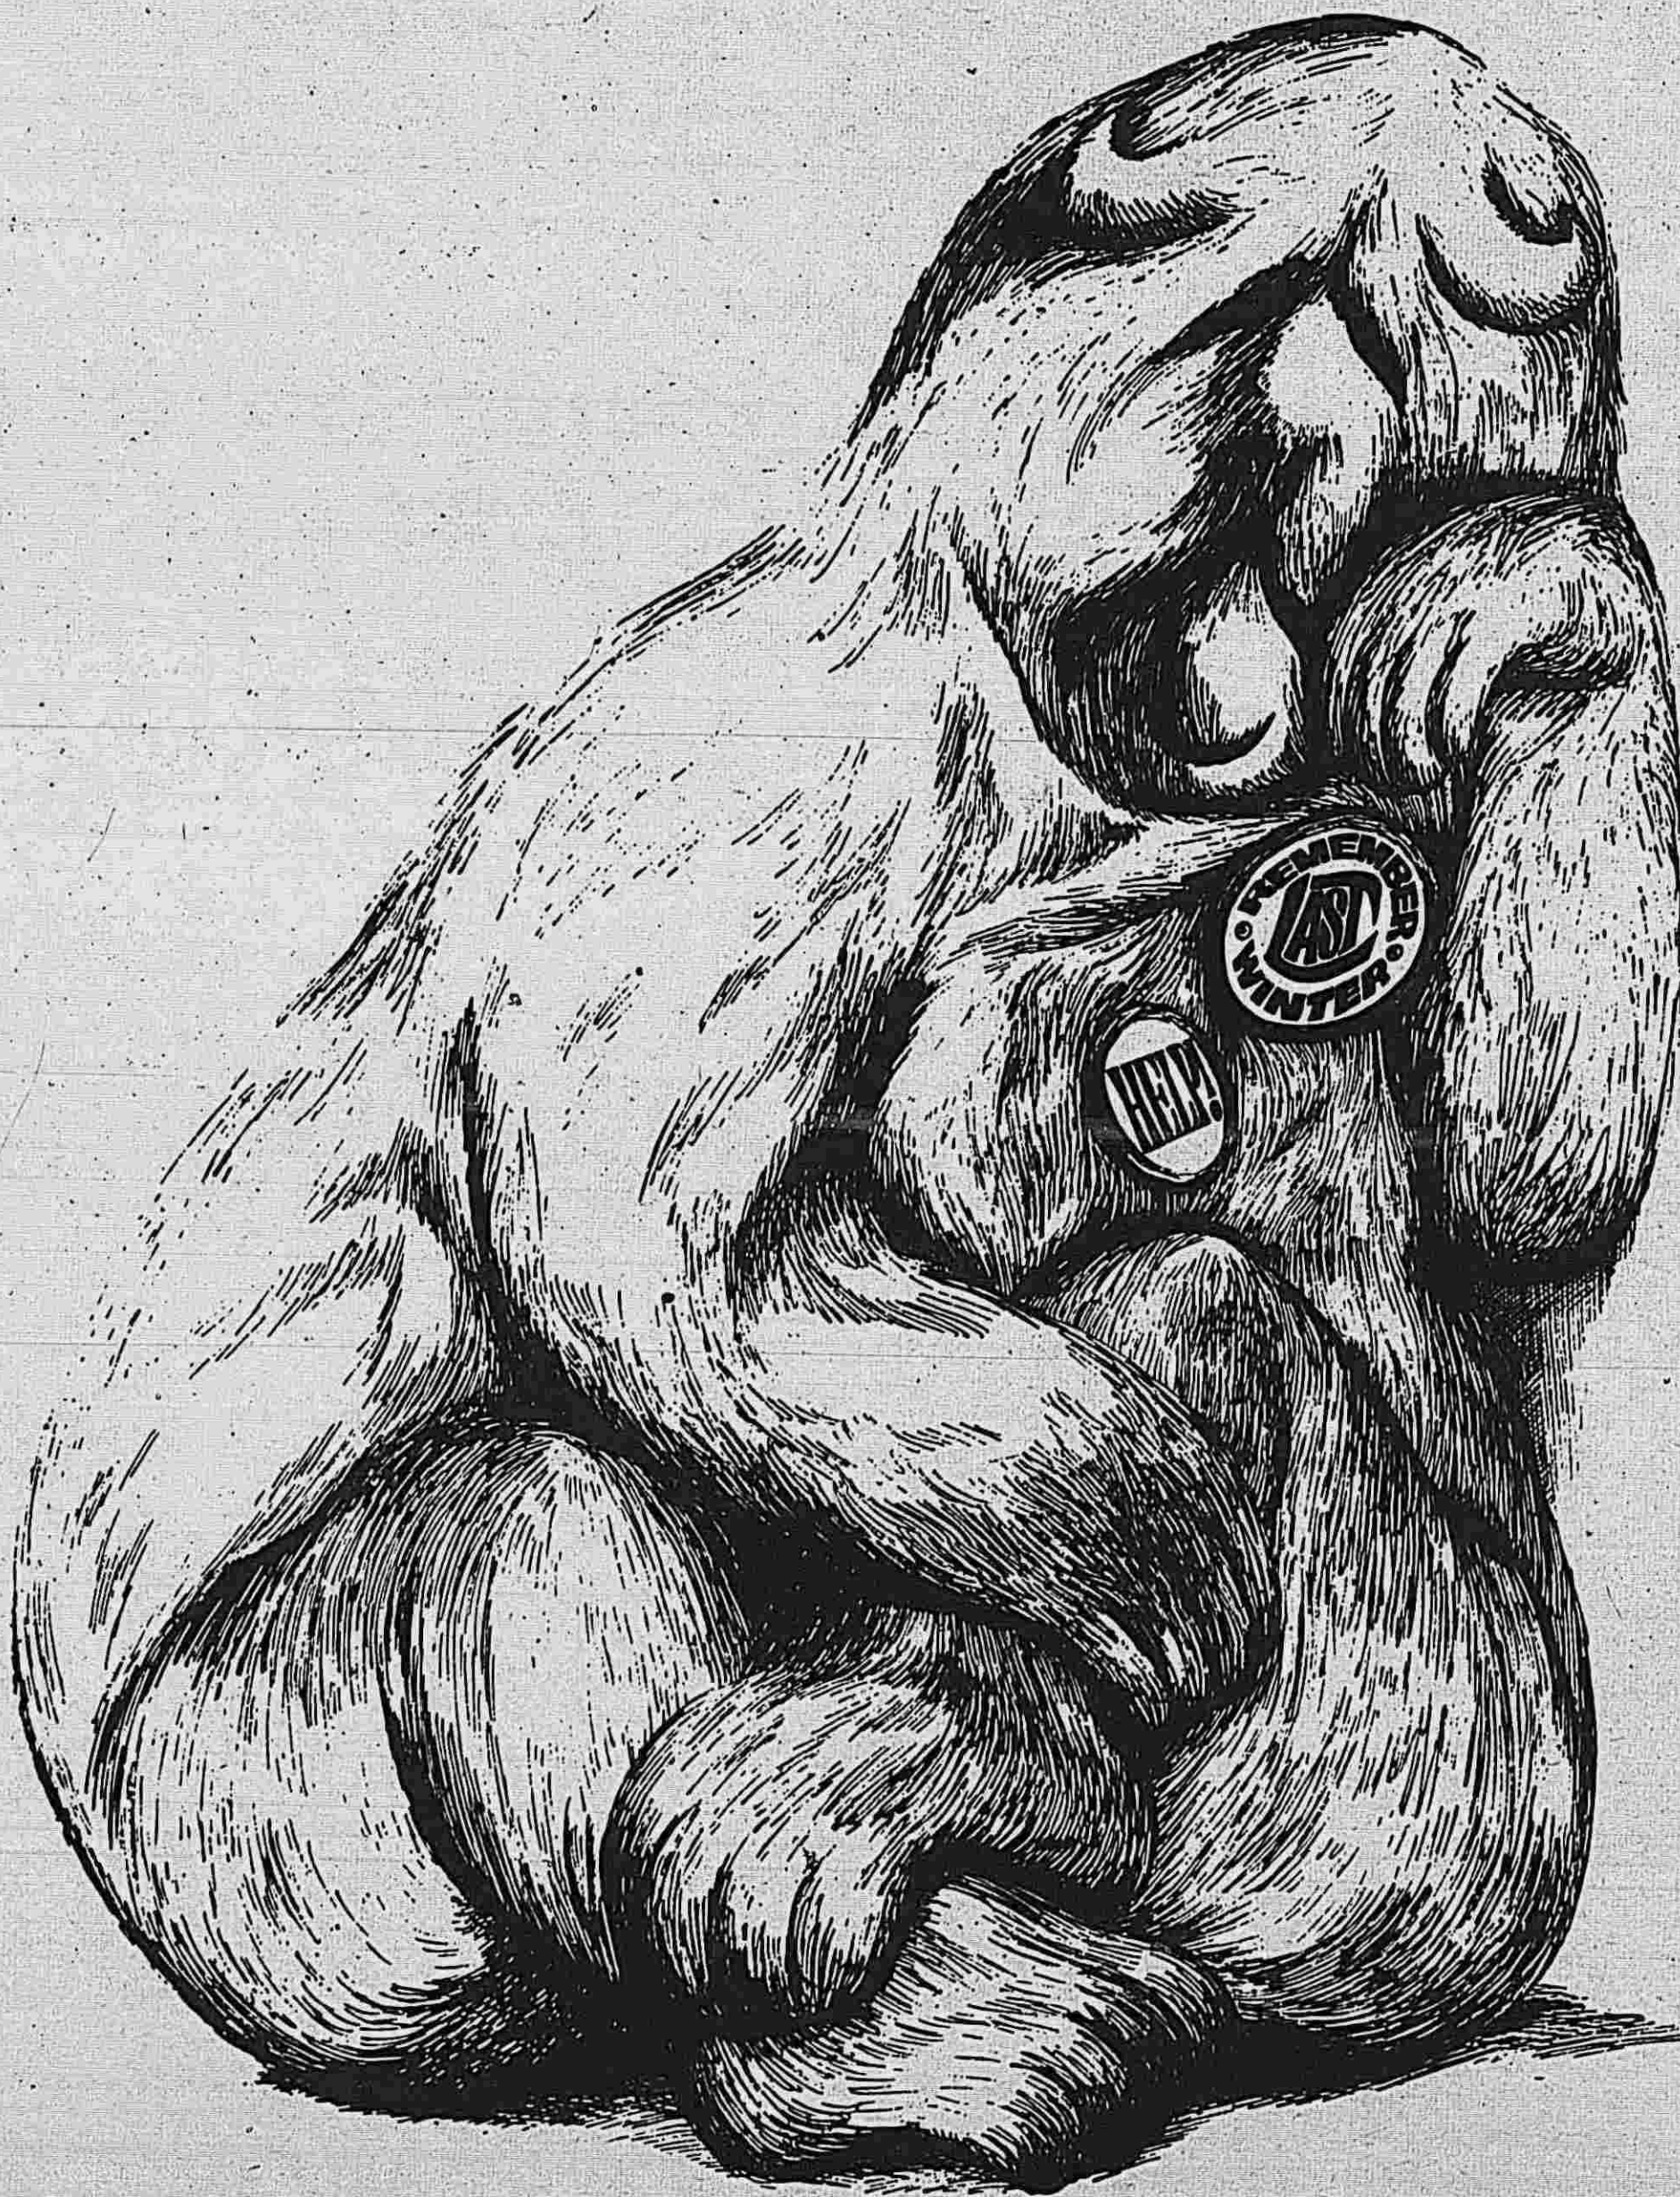

A new homestead exemption law has been signed into law which by its provisions applies to the January 1, 1971 assessment year and which affects taxes payable in 1972.

The new homestead exemption law, adopted under the authority of the new constitution of 1970, provided the same exemption and eligibility requirements as were contained in the law which was held unconstitutional under the Constitution of 1870. The new law provides for an exemption limited to a \$1500 maximum reduction from the value, as equalized by the Department, or real property which is occupied as a residence by a person 65 years of age or older on January 1, 1971.

The closing date for filing the Exemption for the assessment year 1971 is September 15, 1971.

Applications may be obtained from the Board of Review office Room A603, County administration building or from your local Assessor's Office.

## Major Moves Toward Title

### WAUKEGAN SPEEDWAY

August 21, 1971-Carl Major of Chicago continued his move towards the season's late model title at the Waukegan Speedway Saturday night as he won every race he entered except the trophy dash. Point leader Bob May of Gurnee finished second with Jim Cossman of Waukegan taking third.

It rained at the Speedway from 4:00 to 6:00 p.m. before race time and the automatic sump pumps were still churning away as the cars were unloaded in the pits. Despite a 20 minute delay in starting the races, fans were on their way home shortly after 10:30.

Major drew within 20 championship points of second ranked Cossman with his near sweep of the races Saturday night. May leads in points with 1472, while Cossman has 1300 and Major has 1280.

Major took the feature lead from May in the 10th lap of the main and was never seriously challenged to the end. May had taken the lead in the 6th lap after a restart was required when the front running cars all

piled-up in the first turn. Roy Acuff of Chicago had led until that point.

Pete Brewer of Waukegan had one of his best nights of the season as he moved from 7th at the half-way point to 4th at the checkered flag. Lou Clavey of Deerfield finished 5th in front of Al Gutche of Bristol and Herb Artelt of Wildwood.

Tom Jones of Northbrook, who had won three of the last four features at Waukegan, was missing from action Saturday following a Friday night crash at another Speedway where he received severe arm and finger cuts. His familiar No.5 car was repaired for the Waukegan races and veteran Elmer Musgrave of Mundelein drove the car.

The elder Musgrave took third place money in the third heat, just in front of his son Tom who is in rookie year and then finished 10th in the main, again ahead of his son.

There were 19 starters in the hobby stock consolation which was won by Tom Gardner of Waukegan after several restarts. Tom Reuss of Wildwood came home the hobby feature winner as the 18 car field here also required several restarts.

## Rains Hit Waukegan

August 22, 1971-A thunderstorm with heavy rains and high winds hit the Waukegan Speedway Sunday night as the second hobby stock heat race was lining up. When the rains did not subside, the Speedway was forced to call the program complete as five events plus two sets of time trials had been completed.

Three events, not including time trials constitute a complete program in the event of interference from the weather, as happened Sunday night. The drivers in both the hobby and late model divisions are then paid their feature prize money according to the way they timed in.

Since the drivers are paid in this situation, rain checks cannot be honored: however the Speedway has increased the distance of next Sunday's feature races to 40 laps for the late models and 20 laps for the hobbies to make up some of the laps lost Sunday. The powderpuff derby will also be run next Sunday night.

Bob May of Gurnee and Tom Reuss of Wildwood were clocked the fastest in the late model and hobbies respectively, so they benefited by the rain when they picked up first place prize money in each feature race. Championship points are awarded only in the events run, though, so the fact that they received the feature money did not mean they received the points normally associated with it.

Pete Brewer of Waukegan continued his best weekend of the year as he was clocked fifth fastest among a good turn-out of late models and then won his first trophy dash ever as he held off Carl Major of Chicago and later Ray Young of Dolton.

Roy Acuff of Chicago and Major won the two late model heat races run before the rain while Bob Arndt of Milwaukee and Tom Gardner of Waukegan were Sunday night's hobby winners.

## Lake Geneva Rained Out

Rain and high winds cancelled the Interstate Racing Association stock car races at Lake Geneva Raceway on Sunday August 22.

The date had been set to hold the Sportsman Championship Race. That race and the modified season Championship race will both be held next Sunday night, August 26.

## Hed Tops Supers

Richard Hed, Sheboygan Falls Wisconsin modified stock car driver, made his second visit of the season to the IRA sanctioned super modified stock car races at the Santa Fe Speedway and topped the supers in the 50 lap feature race.

Hed, who started fourth in the 16 car field, took the lead from Tom Anderson, Antioch on the first of three restarts on the 27th lap. On the 3rd restart Anderson regained the lead but lost it a lap later to Hed.

Anderson then slipped back to third as Santa Fe and overall IRA point leader Johnny Reimer, Caledonia nearly got around Hed at the checkered flag. Hed was the first non-IRA member to win a feature out of 38 races completed this season.

Wally Jores, Milwaukee and

Ron Bergsma, Richmond rounded out the top five as 12 cars were still running at the end. Out on the final restart was defending IRA Champion Whitey Harris, Lake Villa who had been running 4th throughout most of the race. Harris' car was damaged when struck by John Rank, Milwaukee and he would up 13th in the final standings. This dropped him from the runner up position in IRA standings at Santa Fe and Al Schill, Franksville, gained that position. Schill set the fastest mark in qualifying with a 15.80 second run.

Dave Bliss, Fox River Grove, won the 15 lap semi-feature over Paul Cameron, Round Lake and Greg Umick, Waukegan. Ten lap heats were won by Joe Moulis, McHenry, Jim Boehles, Hales Corners; Anderson and Jim Sullivan, Fox Lake.

## Reimer in Championship Form

Johnny Reimer, Caledonia, who is headed for his first Kenosha County Speedway Championship, certainly performed in championship form in winning the 30 lap Chicago Today Championship race at Wilmot Saturday night. Phil Pash, Auto Racing writer for Chicago Today, awarded Reimer with the winner's trophy in victory circle where Reimer acknowledged a long hard drive from leader Richard Hed of Sheboygan Falls, who looked like a sure winner for the second straight night of IRA competition.

Hed leaped into the lead at the start but IRA defending champion Whitey Harris, Lake Villa moved quickly along side and challenged. As the 2nd lap ended, the rear axle housing on the fast qualifier's car driven by Jim Sullivan, Fox Lake, broke and flipped him over. The race was stopped and Jim was assisted from the upside down machine uninjured.

On the restart Hed again led Harris, Roger Otto, Burlington, Jim Boehles, Hales Corners and Butch Bergsma, Richmond. Although Harris raced evenly with Hed for several laps, it was clear that Hed was going to be able to withstand Harris' pressure. Otto got by Harris and raced closely with Hed too but could not get the advantage.

At the halfway mark it was still Hed; Otto, Harris, Ron Bergsma, Tom Anderson, Antioch and then Reimer. It wasn't until the 23rd lap that Reimer moved around Otto for second and three laps later sailed around Hed to win draw-

ing away. Hed continued to hold off Otto for second. Ron Bergsma moved around Harris to take 4th and then it was Harris at the end with 14 of the 16 starters still racing.

Joe Moulis, McHenry, led every lap to win the 15 lap non-stop semi-feature. Dave Bliss, Fox River Grove and Jr. Dodd, Waukegan where the chasers in this one but couldn't catch Moulis.

The 12 lap consolation race was won by Paul Cameron, Round Lake who had previously won the 3rd lap heat race. These wins made Cameron slightly doubtful that he had made the right move in recently selling the C7 modified to the J.W. Jamerson of Winthrop Harbor. Cameron had been having a lot of difficulty with the car and sold it to Jamerson with the understanding that he could continue to race the car at Wilmot to assure his starting position in the 100 laps of Season Championship racing on Saturday September 4. Cameron is currently 14th in point standings and only the top 18 qualifiers will start the twin 50 lap events.

Other 10 lap heats were won by Ray Stevens, Richmond and Jim Bozeman, Waukegan, Harris and Don Sorce, West Allis. The duel between Roger Otto and Sorce in this heat really had the fans screaming with excitement as the two raced side by side for nearly the entire distance.

Mel Mattner, Kenosha, spiced the sportsman stock car events with a bit of upside down action in the first heat. He was not injured and the restarted event was won by Craig Lake, Caledonia, who beat out Duane Fink, Racine and Warren Geisler, Round Lake. Other heats were won by the point leaders in the IRA Sportsman stock cars, Jack Ashenbrenner, Hales Corners and Wes Eckert, Greenfield. Craig Lake returned to win the semi-feature and with fast time already to his credit Ashenbrenner tried to make another clean sweep of the events. Jim Cmelek, West Allis, moved around early leader Dick Jones, Milwaukee and stayed far ahead to take the feature win. Ashenbrenner was second and Jones third.

Reimer and Ashenbrenner continue to lead Wilmot point standings as Saturday August 28 will be the Sportsman Championship night with a 40 lap feature for that group.

Attendance was 3303 in spite of the rain that fell during the warm up period. Purse to the drivers was \$3700.00.

Mr. Roy Nelson, head football coach at Antioch Community High School is handing out equipment to one of the 36 young men trying out for the varsity football squad. Practice begins today at 7:30 p.m. and their first game will be with North Chicago at North Chicago.

### GIBBS & JENSSEN TUESDAY NIGHT GOLF LEAGUE CHAMPS

On the final evening of golf, Gibbs and Jenssen Carousel hung on to win the team championship in the Tuesday Night Golf League. In the three team race for the title Gibbs & Jenssen outscored State Bank A 3½ points to 2½ points, as Wilton's TV scored 4 to nose out State Bank A for second place.

The members of Gibbs and Jenssen Carousel, league winners, are Ray Jenssen, Bill Alm, Bill Christensen, Dick Erickson, and Ed Thamerus.

The runner-up team was Wilton's TV and its members are Roy Witke, Morrie Pickus, Rich Stroner, Bill Wilton and Tom Haley.

Third place went to State Bank A, and its members are Albert Bucar, Jim Leinhardt, Fred Bobzein and Les Sorensen.

The league medalists for the last four weeks are as follows:

July 20 - Phil Laurin - 39

July 27 - Fred Holbert, Jack Fields, Jim Fields - 39

August 3 - Ted Larson - 40

August 17 - Jack Fields - 36 (Best score in league all season)

### ATTENTION! BOW HUNTERS

With deer hunting season right around the corner, the Illinois Conservation Archers are inviting all bow hunters to attend their annual Broadhead Shoot. A full schedule of events will be presented for the enjoyment of all shooters on August 28 and 29.

Registration will open at 8 a.m. on Saturday and remain open until 4 p.m. Registration on Sunday will be between 8 a.m. and 2 p.m. The specially built broadhead range will feature shooting under the most natural of hunting conditions. Shots will be taken from tree blinds, through thick foliage and woods, and across beautiful open clearings. There will even be some moving targets. Beautiful animal trophies will be awarded to the first four place winners in barebow and freestyle, both men and women. Youth shooters (16 and under) will also receive trophies through third place. Youth shooters must use field tip arrows.

Among the other activities will be a Nite Shoot Saturday evening beginning at dusk. Before and after the nite shoot, bratwurst sandwiches will be available from the grill, plus free roast corn. All you can eat. There will also be novelty shoots operating both days. Kitchen chairman Karen Geiser announces that a fine menu will be available featuring an excellent hunters' breakfast.

The I.C.A. range is located on Highway 21-83 just north of Lake Villa.

### 4 Lakers Named to All-Stars

Tournament tension, that bug-a-boo of all sports events, hit the Lake County Lakers during their final games and the result was disastrous. The Lakers finished their best season only to fall victim to the tournament-wise Fox Valley Lassies of St. Charles, Ill., 10-2 and 5-2 in a double header at the Lassies home field last Friday nite. As a result, the Lakers came home and the Lassies head to Florida for the National Finals of the National Women's Slo-Pitch Softball Tournament.

Lack of hitting seemed to be the unanimous answer to the question, "What happened to the Lakers?" The team only managed 6 hits during the first game. Hitting that bad in slo-pitch ball "is unheard of," said one member of the team, "The tension on us was just too much." Losing pitcher for the first game was Cheri Dalgaard.

The second game was a heartbreaker. Several rallies were mounted but all were cut short. Again, lack of hitting seemed to be the key. However, two of the girls garnered 2 for 4 at the plate, with Diane Crandall slicing a double in the last inning to score a run-but it was too little, too late. Carole Heike was the other .500 hitter in game two. Audrey Simek was the losing pitcher.

Four of the Lakers were named to the Metro-Tournament All-Star Team: Maggie Murphy, 1st base, Marcia Fox, 2nd base, and outfielders Diane Crandall and Debbie Kaminski.

Chris Getz getting fitted at Walsh's All Seasons for the Junior Tackle Football League. Uniforms and equipment are being furnished by various businesses in town.

The first game of the season will be August 28 at Grant in the First Annual Trophy game between Fox Lake and Antioch. The Light Weight game will begin at 6:45 p.m. and the heavy weight game at 8:45 p.m.
